KEENE POLICE DEPARTMENT

400 MARLBORO STREET

KEENE, NH 03431 Phone (603) 357-2222

357-9813

Fax (603) 283-5670

Keene Police Department would like your help with implementing a program to help

identify homes of children/adults at risk in our community. This could include residents

with Alzheimer's, Dementia or children with Autism and/or other developmental risks.

The goal of this program is to improve the safety of our at risk residents if/when they

have interaction with police. The first step of this program would be to identify the

addresses of at risk residents. The addresses will be entered into the police department

data base in an effort to provide officers with information prior to their arrival. This

information will be kept confidentially within the Keene Police Department and shared

with emergency responders only as necessary to protect the safety of at risk residents.

This program would help emergency response personnel to minimize the possibility of

creating distress for the residents and create a more positive police interaction.

If you are interested in participating in this program please complete the information on

the attached form, and return to the Keene Police Department.
