3. Relating to State Revolving Fund Loans
Resolution R-2022-22-A

NON PUBLIC SESSION

ADJOURNMENT

A regular meeting of the Keene City Council was held on Thursday, June 2, 2022. The Honorable Mayor George S. Hansel called the meeting to order at 7:00 PM. Roll called: Bryan J. Lake, Michael J. Remy, Gladys Johnsen, Michael Giacomo, Randy L. Filiault, Robert C. Williams, Philip M. Jones, Andrew M. Madison, Kris E. Roberts, Bettina A. Chadbourne, Catherine I. Workman, Mitchell H. Greenwald, Kate M. Bosley, and Thomas F. Powers were present. Having declared a quorum physically present, Councilor Ormerod—who had the Council’s permission to participate remotely—stated his location and no one was present with him. Councilor Giacomo led the Pledge of Allegiance.

ANNOUNCEMENTS

Mayor Hansel reminded the Council of the vacation schedule, which will start with the cancelation of the July 27 and 28 MSFI and FOP meetings, followed by the August 4 Council meeting, as well as the August 10 and August 11 PLD and FOP Committee meetings. The Council will return to its normal meeting schedule for the August 18 meeting.

MINUTES FROM THE PRECEDING MEETING

A motion by Councilor Powers to adopt the May 19, 2022 meeting minutes was duly seconded by Councilor Bosley. The motion carried unanimously on a roll call vote with 15 Councilors present and voting in favor.

PROCLAMATION – CARDIAC ARREST

Mayor Hansel welcomed Lieutenants Jeremy LaPlante and Aaron Cooper of the Keene Fire Department, to receive a proclamation declaring June 1–7, 2022 as CPR/AED Awareness Week in Keene and he encouraged all residents to express their sincere thanks to the members of the Keene Fire Department, whose dedicated service reflects great credit upon themselves and the City of Keene for exceptional emergency services.

PROCLAMATION – SWAMP BATS

Mayor Hansel welcomed Kevin Watterson, President of the Keene Swamp Bats, who began by thanking Lt. LaPlante for saving his life once, calling their proclamation well deserved. Mayor Hansel presented Mr. Watterson with a proclamation extending his official congratulations to the Swamp Bats and all affiliated members, volunteers, and players on this 25th anniversary of their inception. The Mayor called upon all citizens in Keene and the greater Monadnock Region to congratulate the Swamp Bats on this milestone and to join the Mayor at the Swamp Bats opening day on June 8 at Alumni Field. Mr. Watterson thanked the Mayor, City Council, and City Staff in particular. He said the Swamp Bats could not have done this for 25 years without a community partner that believes in them and guides them at every turn.

PUBLIC HEARING – RELATING TO THE FISCAL YEAR OPERATING BUDGET

Mayor Hansel opened the hearing at 7:11 PM and the Deputy City Clerk read the hearing notice. Mayor Hansel explained the procedure for this public hearing and that the budget would be adopted at the Council’s next regular meeting. He welcomed the Finance Director, Merri Howe, and asked for introductory comments from the City Manager.

The City Manager presented to the City Council and the public the operating budget for 2022–2023, which includes the first year of the most recent Capital Improvements Program. The budget process began in late February and worked its way through the FOP Committee through the month of May before arriving at the City Council. The budget can be found on the City’s finance webpage under the financial documents tab. The City Manager said that her budget memo at the beginning of the document does a pretty good job highlighting changes in the budget. She continued saying that the municipal team has worked diligently to structure a proposed City budget with little increase on the City portion of the tax rate, raising it slightly by 0.49%, which projects a \$0.06 change in the municipal portion. The proposed budget complies with the City Council’s fiscal policy, which aims to limit property tax increases to a rolling three-year average CPI net of any expenditure required by law. This year, the calculation was 2.6% of \$27 million dollars, or \$704,000.

The City Manager continued explaining that the operating and capital budget proposals support the vision of the City’s Comprehensive Master Plan, City Council Goals, and Fiscal Policy to continue moving the City toward a sustainable future, while striving to maintain overall affordability. The budget includes proposals to further advance Council goals around communication, information sharing, and public engagement. This budget also incorporates strategies to utilize resources in a manner that will minimize the burden to the property taxpayer. Strategies have been included to reduce debt, lesson interest expense in the operating budget, and utilize additional capital reserve accounts to fund projects over time. The first year of the Capital Improvement Program 2023–2029 has been updated and modified in the proposed FY 2023 budget to reflect the changes that have occurred since the adoption of the Capital Improvement Plan in March 2022.

The City Manager continued that in accordance with Council goals related to capitalizing on funding opportunities as they arise—and specifically Federal funds that have become increasingly available—the City has submitted applications for the next round of Congressionally directed funding projects to Congresswoman Kuster’s Office for: Downtown Water Main Replacement Project—\$1,630,600, Island Street Water Main Replacement Project—\$893,700, Downtown Stormwater Resiliency Project—\$2,159,300, Stormwater Main Lining Program—\$920,800. The Manager continued the City has also submitted applications to Senator Shaheen’s Office for the Fire Station 2 project—\$7,500,000, Recreation Center Renovation—\$1,466,000, Multi-Use Parking Facility (Design)—\$1,200,000, and The Transportation Heritage Trail—\$1,996,000 (80% of \$2,458,000). These are all projects in the Capital Plan. If successful, at moving forward even just one or two of these projects, it will be a welcome relief to our Capital Improvements Plan, which the City Manager said continues to be squeezed by escalating project costs.

The City Manager said the budget includes City revenues associated with State municipal aid as we know them. Not included is SB 401, which is anticipated to be signed by the Governor and could increase our highway block grant funds by \$463,000 (this would again be a welcome relief as asphalt pricing has increased 32% since this time last year).

The City Manager explained that the tax rate estimates are based on a projection of no increase to the property tax base, which is a good conservative estimate. At this point, in the City’s overall tax rate process, both School & County have approved budgets, setting the education and County portions of the overall rate. Considering tax rate projections provided during adoption and the

recommended City budget, the total property tax rate is estimated to increase by 3.25% combined. The largest increase is estimated in the school's portion of the budget. The local and State education portion of the tax rate combined is increasing by \$0.91.

The recommended FY 2023 Operating and Capital Budget being reviewed this at this meeting was recommended by the FOP Committee with only a few adjustments. The City Manager explained that the Committee voted to recommend an increase to the Senior Center from the proposed \$10,000 to \$15,000, which would be level funding from the year before and a new line to support the work of the Monadnock Diversity, Equity, Inclusion, & Belonging Coalition (MDEIB) that formed in summer 2021. Currently, the YMCA serves as their fiscal sponsor and the group is fundraising to bring on an executive director. The two adjustments increase the bottom line by \$15,000. This new budget total would still be within the fiscal policy by \$11,000.

In addition, the City Manager said she had been working with the Human Services Director to update our agreement with Southwestern Community Services related to homeless shelter services funded as part of outside agency requests. The City Manager is also working with the Director to implement a similar agreement with Hundred Nights. These agreements help to further define the process when someone needs shelter and ensure they are receiving case management services.

Overall, the City Manager concluded Staff feels this budget reasonably supports the City services provided to the residents of Keene, advances the goals set by the Council, includes contractual obligations, and supports the City's infrastructure program through continued funding of the CIP plan.

Mayor Hansel welcomed comments on the various sections of the budget.

There were no public comments on the following sections: Mayor and City Council expenditures, Community Funded Events, Capital Appropriations, Employee Benefits, Risk Management, City Manager's Office, City Attorney's Office, City Clerk, Assessing Department, Finance Department including Human Services, Human Resources, Information Technology, Fire Department, Library, Parks, Recreation & Facilities, Police Department, Airport, Community Development, Public Works, Parking Fund, PC Replacement Fund, Solid Waste Fund, Sewer Fund, Water Fund, and Fleet Services Equipment Fund.

The only section for which there was public comment was **Outside Agencies**:

- Carmen Trafton on behalf of Good Samaritans thanked the City Council for all they did for pedaling for prevention, which she last presented to the City Council. There would be another ride on September 10, which is World Suicide Prevention Day. She continued on the topic of outside agencies, stating that she appreciated the past support and this year's allocation because they do not receive funding from the United Way. While the full \$13,000 requested was not achieved this year, she sought any extra funds available in future years for suicide prevention. She said the need has never been greater than this time, with the pandemic creating a lot of anxiety and stress in the community. She shared a new 988 suicide prevention national hotline rolling out July 1. She said her agency has never been busier and they are doing a lot with very little. Their budget is approximately \$50,000 annually and

everything is done with volunteers and donations; she is the only part-time staff person. They were founded by a family and have been serving this community for 41 years. They never charge for services or programs. They work with all area schools, including on curriculum. They also work with families, businesses, individuals, and organizations. Their phones are constantly ringing. Their slogan is “You’re Never Alone.” She thanked Andy Bohannon, Director of Parks, Recreation, & Facilities, for helping to coordinate activities. She thanked the City, stating that the need is great.

- Mark Scoville of the non-profit organization, Let It Shine, stated that they are working to bring back the Pumpkin Festival this year. He thanked the City Council for their consideration and allocation of funds. They appreciate the support and coordination of the City, and they look forward to bringing back the festival on October 22.
- Sally Malay represented the Keene Housing Kids Collaborative, of which she is the Executive Director. She works to advocate for families and children. She was present to state her position more clearly than she did at the FOP Committee. She stated that the Collaborative is grateful for the support from the City. Last year they were financed and supported at \$10,000 and she said that unfortunately the FOP Committee was not able to fund them at the same amount this year; \$5,000 was allocated. She wanted to ensure the City Council was informed about what the Kids Collaborative does. She continued that they are an independent, nonprofit organization. They serve families in Keene Housing, but operate independently of them. Keene Housing provided the start-up funding in 2015, which is being phased out over time. They need to raise \$150,000 from individuals, grants, foundations, corporate sponsors, and partners like the City of Keene. They serve 600 kids in Keene Housing properties, the Housing Choice Voucher program, and last year they took on three new properties through Southwestern Community Services. Last year, the \$10,000 City funding allowed them to increase the number of families they serve. They partner with more than 40 different youth program providers in the community. She said the need in this community is more important than ever to provide access to opportunities and experiences for which they would not otherwise have the funds. Not only do they provide financial help, but the services are free. The Collaborative removes the barrier for families focused on work to put food on the table. It allows their kids have the opportunity to gain life skills and help them progress on an upward social mobility so they can be successfully engaged members of our community. She said the average income of the households served is \$23,000 annually. By the time these children get to middle school, there is a six-hour learning gap compared to their peers from more affluent households. Research shows that 65% of children born into poverty remain in poverty through adulthood and the Collaborative wants to break that cycle. Parents and guardians in more affluent households spend an average \$7,000 annually on these experiences outside of the school. 250 of the 600 children served attend Keene schools and 44% received special education services, which is three times higher than the district average. She said the impact is the experiential learning opportunity that provides confidence, critical thinking and problem-solving skills, team work, and mentorship from educators and adults in the community, all of which helps their academic progression at school. The \$10,000 from the City would result in \$150,000 of program fees

going directly back into the Keene economy. The other impacts are reducing juvenile crime, reducing truancy, enhancing school achievement, less tobacco and vaping use, and reduced illegal drug use. The Collaborative's goal is to also increase the special education rate of service, which would ultimately decrease the burden on taxpayers. She urged reconsideration of the same support as last year. Regardless of the Council's final decision she appreciates the partnership with the City.

- Joanna Zambella, a Kids Collaborative Board member, spoke in support of increasing their funds. She said it is also important that no one else in the State is doing what the Keene Housing Kids Collaborative is. It is a powerful program and there is significant data to back-up the program. What she wanted to impress on the City Council was that these are Keene kids impacted and that a \$5,000 cut would be anywhere from 50–100 kids not having an experience that could change their lives because. The collaborative helps break the cycle of poverty to help kids be productive members in our society. She recalled being close to making bad decisions once, but said she was very lucky. She said that when a child loses access to a program, they could lose hope and accept a negative fate. She said that \$5,000 would have a massive impact and asked the City Council to consider increasing the amount to help the children who are the future of Keene.
- Ellen Avery, Executive Director for the Community Volunteer Transportation Company (CVTC.), said their global headquarters are based in Peterborough and they serve all 34 towns in the Monadnock region, including those in Cheshire and Hillsboro Counties. She said this was their first request to the City and perhaps the City Council thought it an odd request given that the HCS transportation service is already in Keene. However, she was proud to say there is no duplication of effort between the two services. The City has been funding HCS for some time and they take Keene residents to Keene destinations. She said CVTC has been in operation since 2008 and they offer transportation outside the City for more specific types of medical treatments; all their trips have been medically based. They took Keene residents last year mostly to Dartmouth Hitchcock in West Lebanon (43 rides), Monadnock Community Hospital (7), Brattleboro, Concord Hospital, many vaccine trips, Merrimack, Winchester, Boston, New London, Manchester, Springfield, MA, and Northampton Ma. Last year they served 36 individuals and are filling a gap for those who need specialized medical treatment somewhere else. They requested \$1,500 from the City. She said the City this past year came in at number 8 out of 34 towns for number of rides requested. She said there is no fee for the individual riding and the funding for mileage reimbursement for volunteer drivers is through the FTA. They were hopeful the City Council would see they are filling a gap and would allocate them \$1,500.
- Rabbi Dan Aaronson of 166 East Surry Road identified himself as a member of the Human Rights Committee, but was present representing the Monadnock Interfaith Project and their team of faith leaders. He could also be speaking on behalf of so many people and faith leaders' faith and consciences to consider the real needs of those in Keene experiencing homelessness as the City Council sets its budget. He understood that the budget is largely set for the upcoming fiscal year, but said the needs of our unhoused brothers and sisters are

regrettably not going away. As the Ad Hoc Housing Stability Committee continues to deliberate support to those experiencing homelessness in the City, he hoped the ideas and letters submitted in recent months would make it to the top of the Committee's agenda, including the one submitted by Councilors Lake, Williams, and Workman. His colleagues present at the last ad hoc Housing Stability Committee meeting were heartened to know the Committee was wrestling with ways to mitigate the harmful effects of homelessness in Keene. He said it was their hope that the Committee would think creatively about overcoming the obstacles to enacting some of those proposals or others. He said it all begins by asking what it would take to accomplish the unimaginable. He said there are no easy answers, and some remedies would cost money when there is little to be allocated. However, he said we are talking about human beings created in the image of the divine and therefore he said we have a responsibility to find answers, as inconvenient as they may be, and to find the funding to provide remedies even if it means making very difficult budget decisions. He cited, "If I am not for myself, who will be for me. But if I am only for myself, who am I. If not now, when?" He said it is the sad truth that there will always be unhoused people in our City who cannot for a myriad of reasons access the City resources. By allocating funds to the organizations that they heard from tonight and outreach, camping, and other remedies, the City Council can help restore dignity to the most vulnerable. He said we need only see within every human the image of the divine and ask what it would take. He asked we as a society will not do this, what are we; if not now, when?

Hearing no general comments on the budget, Mayor Hansel closed the hearing at 7:45 PM, except for written public comments, which will be accepted until 4:00 PM on Tuesday, June 14. Written comments must be signed and submitted to the City Clerk by that date and time to be added to the Council agenda. Amendments could be offered by City Council at the next regular meeting.

A true record, attest:

Deputy City Clerk

**FOP REPORT – FY21 HAZARDOUS MATERIALS EMERGENCY PREPAREDNESS GRANT
– HUBBARD CONSULTING LLC – FIRE LIEUTENANT/TRAINING OFFICER**

A Finance, Organization, and Personnel Committee report read, recommending that the City Council authorize the City Manager to negotiate and execute a professional service contract with Hubbard Consulting LLC for an amount not to exceed \$15,000 for the delivery of a Hazardous Materials Response Plan. A motion by Councilor Powers to carry out the intent of the Committee report was duly seconded by Councilor Remy. The motion carried unanimously on a roll call vote with 15 Councilors present and voting in favor.

FOP REPORT – AIRPORT LAND LEASE – AIRPORT DIRECTOR

A Finance, Organization, and Personnel Committee report read, recommending that the City Manager be authorized to do all things necessary to negotiate and execute a land lease agreement

with Mr. Lance Miller. A motion by Councilor Powers to carry out the intent of the Committee report was duly seconded by Councilor Remy. The motion carried unanimously on a roll call vote with 15 Councilors present and voting in favor.

FOP REPORT – CHESHIRE RAIL TRAIL PHASE THREE - CONSTRUCTION CHANGE ORDER #2 – CITY ENGINEER

A Finance, Organization, and Personnel Committee report read, recommending that the City Manager be authorized to do all things necessary to negotiate and execute a contract Change Order with Adams Trucking & Excavation, Inc. for an amount not to exceed \$41,000 (Subject to NHDOT approval). Funding to be provided by Project Cost Center 90057-F. A motion by Councilor Powers to carry out the intent of the Committee report was duly seconded by Councilor Remy.

Councilor Giacomo asked if the \$41,000 represented 20% or 100% of the project. The City Manager replied 20%. The City Manager said the total amount is \$40,878.50, of which the City's share is \$8,275.70. The motion carried unanimously on a roll call vote with 15 Councilors present and voting in favor.

FOP REPORT – COUNCILOR LAKE – RECOMMENDED OPERATING BUDGET ADJUSTMENT – KEENE SENIOR CENTER

A Finance, Organization, and Personnel Committee report read, recommending the communication from Councilor Lake be accepted as informational. Mayor Hansel accepted the report as informational.

CITY MANAGER COMMENTS

The City Manager reported that the 2022 construction project updates were in the Councilors' mailboxes. Construction season has begun, and the biggest project will likely be the Winchester Street reconstruction project, which is expected to commence at the end of this month. This season, the work will focus on the Key Road/Riverside Plaza intersection up to the Wendy's entrance. The contract requires that one lane will be always maintained, but delays should be expected. Public Works will create a project specific website to help communicate updates and for the public to notify Staff of problems. There will also be weekly email updates available to anyone wishing to subscribe.

The City Manager also shared that Councilors received a pool update in their mailboxes and information on summer programs at their desks. Pools open June 13. She said they have finished what we could do with the money they had at Robin Hood Park. She said there are still things to be done with the pool; however, the bathrooms have been upgraded to current ADA standards including new showers, sinks, toilets, benches, changing areas, water fountains, paint, and LED lights. There is more work to do, but the City Manager concluded that this was the first phase.

MSFI REPORT – CHARLES REDFERN – REQUEST FOR SIGNAGE IDENTIFYING TRAILS

A Municipal Services, Facilities, and Infrastructure Committee report read, recommending the communication be placed on more time. Mayor Hansel granted more time.

ORDINANCE FOR FIRST READING – RELATING TO PERSONNEL SYSTEMS AND PROCEDURES – ORDINANCE O-2022-06

A memorandum read from HR Director/Assistant City Manager, Beth Fox, recommending that the City Council refer Ordinance O-2022-06 to the Finance, Organization, and Personnel Committee for their review and recommendation. Mayor Hansel referred the Ordinance to the Finance, Organization, and Personnel Committee.

ORDINANCE FOR SECOND READING – RELATING TO CLASS ALLOCATIONS AND SALARY SCHEDULES – ORDINANCE O-2022-05

A Finance, Organization, and Personnel Committee report read on a vote of 5–0, recommending the adoption of Ordinance O-2022-05. Mayor Hansel tabled this Ordinance until the next regular meeting.

FOP REPORT – RELATING TO THE 2022/2023 FISCAL YEAR BUDGET – RESOLUTION R-2022-09-A

A Finance, Organization, and Personnel Committee report read on a vote of 5–0, recommending the adoption of Resolution R-2022-09, as amended to include an additional \$5,000 to the Senior Citizens Center to reflect a level funded allocation of \$15,000 and to include an allocation of \$10,000 to the Monadnock Diversity, Equity, Inclusion, and Belonging Coalition, with the disbursement of funds contingent upon further approval by the City Council of the Coalition’s plans for operation once finalized. Mayor Hansel tabled the Resolution until the next regular meeting.

FOP REPORTS - RELATING TO THE APPROPRIATION OF FUNDS FOR MUNICIPAL BUILDING ROOFS; RELATING TO THE APPROPRIATION OF FUNDS FOR ROAD REHABILITATION; RELATING TO THE APPROPRIATION OF FUNDS FOR THE SALT SHED REPLACEMENT; RELATING TO THE APPROPRIATION OF FUNDS FOR THE WELLS STREET PARKING STRUCTURE MAINTENANCE; AND RELATING TO THE APPROPRIATION OF FUNDS FOR THE 3MG WATER TANK REPAIR – RESOLUTION R-2022-10, RESOLUTION R-2022-11, RESOLUTION R-2022-12, RESOLUTION R-2022-14, AND RESOLUTION R-2022-15

Reports read from the Finance, Organization, and Personnel Committee unanimously recommending the adoption of Resolutions R-2022-10, R-2022-11, R-2022-12, R-2022-14, and R-2022-15. Mayor Hansel tabled the Resolutions until the next regular meeting.

FOP REPORT – RELATING TO THE ESTABLISHMENT OF A PARKS AND FACILITIES INFRASTRUCTURE CAPITAL RESERVE - RESOLUTION R-2022-18

A Finance, Organization, and Personnel Committee report read, recommending the adoption of Resolution R-2022-18. Mayor Hansel filed the report. A motion by Councilor Powers to adopt Resolution R-2022-18 was duly seconded by Councilor Remy and the motion carried unanimously on a roll call vote with 15 Councilors present and voting in favor.

MSFI REPORT – RELATING TO THE BRIAN A. MATTSON PARKS AND RECREATION CENTER – RESOLUTION R-2022-20

06/02/2022

A Municipal Services, Facilities, and Infrastructure Committee report read, recommending the adoption of Resolution R-2022-20. Mayor Hansel filed the report. A motion by Councilor Greenwald to adopt Resolution R-2022-20 was duly seconded by Councilor Giacomo. Discussion ensued in support. The motion carried unanimously on a roll call vote with 15 Councilors present and voting in favor.

FOP REPORT - RELATING TO AN APPROPRIATION OF FUNDS AND USE OF UNASSIGNED FUND BALANCE FOR THE FY 2022 FIRE DEPARTMENT PERSONNEL BUDGET RESOLUTION – R-2022-21

A Finance, Organization, and Personnel Committee report read, recommending the adoption of Resolution R-2022-21. Mayor Hansel filed the report. A motion by Councilor Powers adopt resolution R-2022-21 was duly seconded by Councilor Remy and the motion carried unanimously on a roll call vote with 15 Councilors present and voting in favor.

ADJOURNMENT

Mayor Hansel reminded City Council that any amendments proposed to the City budget must be submitted in writing to the City Clerk by Tuesday, June 14 at 4:00 PM.

Councilor Filiault reminded the Council that the State of NH still owes the City of Keene \$11 million in past Rooms and Meals Taxes, which he will remind the Governor of later this month.

The City Manager said the memorial service for Brian A. Mattson will be held at 1pm on June 11 at the Keene Recreation Center.

Councilor Remy reminded everyone of the Taste of Keene on Saturday, June 4.

There being no further business, Mayor Hansel adjourned the meeting at 8:06 PM.

A true record, attest:

Deputy City Clerk

Public Hearing Notice

Notice is hereby given that a Public Hearing will be held before the Keene City Council relative to a petition from the City of Keene Community Development Department, to amend sections of Chapter 100 Land Development Code (LDC) of the City Code of Ordinances to add "Dwelling, Multi-family" as a permitted principal use with limitations to the Commerce District; amend the height requirements in the Commerce District to allow for additional stories or height – up to four stories or 56 ft. – provided that additional building setback or building height stepback requirements are met; and, amend the use standards for "Dwelling Unit, Multi-family" in Section 8.3.1.C of Article 8 to require multi-family dwelling units in the Downtown Core, Downtown Growth, and Commerce Districts to be located above the ground floor.

The full text of the ordinance is available for public review at the City Clerk's office during business hours or online at keenenh.gov.

HEARING DATE: June 16, 2022

HEARING TIME: 7:00 pm

HEARING PLACE: Council Chambers, City Hall

Per order of the Mayor and Councilors of the City of Keene, New Hampshire this nineteenth day of May, two thousand and twenty-two.

Attest:

City Clerk

CITY OF KEENE NEW HAMPSHIRE

ITEM #C.1.

Meeting Date: June 16, 2022

To: Mayor and Keene City Council

From: Attorney Michael Bentley

Through: Patricia Little, City Clerk

Subject: **Attorney Michael Bentley - Agatha Fifield - Requesting the City Resume Maintenance of Blaine Street - Private Way**

Recommendation:

Attachments:

1. Communication_Attorney Bentley

Background:

This is a request from Attorney Michael Bentley who is presenting his client Agatha Fifield, who resides at 22 Blaine Street. In October of 2020, Ms. Fifield was informed by the City that the Department of Public Works would no longer be snowplowing Blaine Street because it was not a public road. Attorney Bentley is stating in this letter that the City of Keene has maintained Blaine Street from Syd Street to a cul-de-sac just westerly of his client's property since 1945. This maintenance was discontinued in the fall of 2020. The maintenance included the plowing of snow in the winter and grading the gravel surface in warmer weather so that the road was passable throughout the year by motor vehicle. Attorney Bentley is requesting that the City resume its normal maintenance of Blaine Street because of the hardship on his client.

June 8, 2022

Mayor George S. Hansel and
Members of the Keene City Council
3 Washington Street
Keene, NH 03431

Re: Agatha Fifield
22 Blaine Street, Keene, NH

Dear Mayor Hansel and Members of the Keene City Council:

This office represents Agatha Fifield of 22 Blaine Street a/k/a Blain Street in Keene, NH. Our client's property is shown on Tax Map 109 as Lot 19. Miss Fifield purchased the property from Richard Forcier and Mary Forcier by Warranty Deed dated September 18, 2015 as recorded in Book 2920, Pg. 101 of the Cheshire County Registry of Deeds. The premises consist of a single-family dwelling on 0.19 acres of land. Per the records of the Department of Assessment, the dwelling was constructed in 1945.

From 1945 until the fall of 2020, a period of 75 years, the City of Keene maintained Blaine Street from Syd Street to a cul-de-sac just westerly of my client's property. Maintenance included the plowing of snow in the winter and grading the gravel surface in warmer weather so that the road was passable throughout the year by motor vehicle. Prior to my client's purchase of the property, she was led to believe that Blaine Street, which is referred to as Bain Street by the City of Keene, Public Works Department, was, in fact, a public highway. For the first five (5) years of my client's ownership of the property, the actions of the City of Keene, Public Works Department, were entirely consistent with Blaine or Blain Street being a public highway within the City of Keene.

By letter dated February 12, 2020 from Donald R. Lussier, P.E., City Engineer, a copy of which is enclosed, Miss Fifield was informed that Blain Street was not a public road. Mr. Lussier, while acknowledging that "...the Public Works Department has performed limited maintenance including snow removal," he further indicated that "[i]t is unclear why the City initiated this type of work" and that he would "...confer with Public Works staff to review further actions." By letter dated October 22, 2020, a copy of which is also enclosed, Mr. Lussier advised Miss Fifield that **"Going forward, the City will not perform maintenance, including plowing, on Blain Street."** In fact, the City has not performed any maintenance on Blain Street since that date.

Page Two
June 8, 2022

The change in the position of the City of Keene regarding the maintenance of Blaine or Blain Street after 75 years of continual maintenance obviously causes a problem which prompts this letter. Having to arrange for snow plowing services during the winter months imposes an additional expense on my client which she, and her predecessors in title, reasonably thought was covered by her real estate taxes. Currently, the road has many ruts which makes passage during this time of the year more difficult as the travel surface of the roadway is far from smooth. In addition, if Blain Street is not maintained by the City of Keene, we believe that this will have a negative affect on the fair market value of my client's property due to maintenance expenses for the street having to be borne by the property owner.

The purpose of this letter is to request the City of Keene to resume the maintenance of Blaine a/k/a Blain Street in a manner consistent with what the City of Keene had done for 75 years and being the period from 1945 until 2020. It is our position that the City of Keene is estopped from unilaterally changing its position after multiple owners of the property have relied on year-round roadway maintenance being provided by the City of Keene. There simply is no question but that the City of Keene has, in fact, provided this maintenance for three-quarters of a century such that its change in position after such a period of time is neither fair, equitable and, in our opinion, legal.

We look forward to amicably resolving this matter with the City of Keene. To that extent, we look forward to appearing before the appropriate committee of the City Council to address this situation. Thank you and we look forward to hearing from you.

Sincerely yours,

Michael P. Bentley

RE: Status of Blain Street

Dear Agatha,

I'm following up on the conversation we had earlier this week concerning the status of Blain Street. As I mentioned during our conversation Blain Street is not a public road. I did a quick review of the files and information available on Blain Street. The road was originally proposed to serve a number of small lots. There is no documentation that the road was laid out, presented or turned over to the City to be public and it has not been built to City standards.

For your reference, I've enclosed copies of deeds for the three private properties that Syd Street and Blain Street cross over. One of them mentions a right of way for abutting property owners. The other two refer ambiguously to "any rights that may exist".

On the question of work on the road; State law prohibits the expenditure of public funds on private Streets. Upkeep and maintenance of private roads are the responsibility of the property owner(s) who have access.

I understand the Public Works Department has performed limited maintenance including snow removal. It is unclear why the City initiated this type of work. This runs counter to policy and practice on other private streets. I will confer with Public Works staff to review future actions.

If you have any questions, please contact me at 352-6550.

Sincerely,

Donald R. Lussier, P.E.
City Engineer

RE: Winter Maintenance of Blain Street

Dear Agatha,

As winter approaches, I wanted to follow up on the letter I sent you on February 12, 2020. I've discussed the issue with the Public Works Director and the Highway Superintendent. It is not clear why our staff has plowed your private road in the past. Under the New Hampshire law, we are only allowed to spend public funds for a bona fide public purpose.

Going forward, the City will not perform maintenance, including plowing, on Blain Street. Please make arrangements to have your private road plowed by one of the commercial services that operate in the area.

If you have any questions, please contact me at 352-6550.

Sincerely,

Donald R. Lussier, P.E.
City Engineer

CITY OF KEENE NEW HAMPSHIRE

ITEM #C.2.

Meeting Date: June 16, 2022
To: Mayor and Keene City Council
From: Attorney Thomas Hanna
Through: Patricia Little, City Clerk
Subject: **Attorney Thomas Hanna - JRR Properties - Donation of Land at 0 Ashuelot Street - Green Space**

Recommendation:

Attachments:

1. Communication_Attorney Hanna

Background:

Attorney Thomas Hanna is representing JRR Properties, which is the owner of 3.5 acre parcel of land at 0 Ashuelot Street. This property was originally the overflow parking lot for the Colony Mill. The communication is offering 2.5 acres of the 3.5-acre parcel to the City as park space.

June 10, 2022

VIA ELECTRONIC SUBMISSION

Keene City Council
Attn: Patricia A. Little, City Clerk
3 Washington Street
Keene, NH 03431

Re: Donation of Land at 0 Ashuelot Street to City of Keene for Use as a City Park

Dear Mayor Hansel and City Councilors:

We represent JRR Properties, LLC (“JRR”), owner of the 3.5-acre parcel at 0 Ashuelot Street (Tax Map 567, Lot 1), the undeveloped lot on the Ashuelot River that was once an overflow parking lot for The Colony Mill. Our client purchased this parcel in 2013 with the long-held goal of turning over this underutilized land to the City as a vibrant and active community park. Since this time, the land has been the subject of several design and planning efforts for a city greenspace.

We are pleased to report that our client is ready to move forward with a plan for this space that will carry out the original vision and is aligned with the goals and objectives of the City’s Comprehensive Master Plan (2010), Active and Passive Recreation Management Plan (2012), and Sustainable Energy Plan (2019). JRR proposes to gift approximately 1 acre of the parcel to the Monadnock Conservancy to construct a net-zero energy building for the conservation organization’s new headquarters. JRR intends to gift the remaining approximately 2.5 acres to the City of Keene for use as a city park, with a loading area for kayaks/canoes to access the Ashuelot River. In addition, a 100 KWac solar array is proposed to be installed on the 1-acre parcel. This array will provide power to the Conservancy’s building as well as to the adjacent City park facilities. Attached to this letter is a layout sketch for this proposal. We will be filing applications with the City’s zoning and planning boards to obtain the requisite approvals for the proposed uses and subdivision approval.

The purpose of this letter is to obtain confirmation from the City Council that it will accept this offer of land for park space. If the Council supports this gift proposal, we request your approval to authorize the City Manager to negotiate and execute the equivalent of a purchase and sales agreement for this transaction.

We are available to answer any questions and plan to be present at the June 23, 2022 Finance, Organization and Personnel Committee meeting.

Sincerely,

Thomas R. Hanna

Meeting Date: June 16, 2022
To: Mayor and Keene City Council
From: Keene Housing Kids Collaborative Board Members
Through: Patricia Little, City Clerk
Subject: **Keene Housing Kid's Collaborative - Funding Allocation in Proposed Operating Budget**

Recommendation:

Attachments:

1. Communication_Kids Collaborative

Background:

The Keene Housing Kids Collaborative Board of Directors is requesting that their organization be considered for a \$10,000 level funding allocation in the proposed operating budget.

5 Harmony Lane
Keene NH 03431
603.283.5464
www.khkc.org
info@khkc.org

June 7, 2022

Mayor George Hansel
Keene City Council
3 Washington Street
Keene, NH 0431

Mayor Hansel and members of the Keene City Council:

The Keene Housing Kids Collaborative (KHKC) board of directors respectfully requests that **Keene Housing Kids Collaborative (KHKC)** be considered by the Mayor and City Council to receive \$10,000 level-funding in the 2022-23 Outside Agency portion of the expenditure budget.

KHKC is non-profit organization working to help children living in low-income households reach their full potential. Although we work specifically with children residing in housing owned or managed by Keene Housing, including Housing Choice voucher holders, and three Southwestern Community Service properties (CitySide, Keene Highlands and the TownShip of Swanzey) the Kids Collaborative is a standalone, independent 501-c-3, separate from the Keene Housing organization.

Our organization was conceptualized and founded by Keene Housing with initial start-up funds invested by Keene Housing, however as of today we need to raise \$150,000 to meet our budget each year.

We are writing to you on behalf of 460 Keene residents (this accounts for 80% of the children that we serve). They are children between the ages of birth and 17 living in Keene Housing, Housing Choice voucher holders (Keene) and Southwestern Community Services (Keene) households. They live in households with a median annual income of \$23,516. If statistics hold true for these kids, 65% of them will remain in poverty as adults.

We are missing out on the contributions these kids could make if they reach their potential as fully successful adult members of our community: contributions in art, science, business, and civic life. KHKC is working to change the outcomes for these kids by connecting them to the opportunities and experiences in the community that will give them the skills, knowledge, and competencies to succeed at home, at school in the community – which will ultimately allow them to compete and succeed in the workplace.

Nearly 250 of the students attending Keene Schools live in these households. School data for these kids is sobering: they score well below their more affluent peers on standardized tests in math and reading, are absent from school at a much higher rate, and 44% are enrolled in special education – three times the district average of 15%. Positive gains for the students living these households will have a demonstrably positive impact on the school district.

KHKC has a partnership with the Keene School District that supports a longitudinal study that we are conducting with the support of Keene State College to showcase the impact our program has on academic behaviors and progress overtime.

The future of our community depends on the ability of our children to grow into productive, healthy, confident, and engaged members of our community. The Kids Collaborative model is a unique and innovative approach. We want our kids to be part of the community, not apart from the community. We are working within the context of individual families and getting kids into existing community programs. Our primary goal is to remove the barriers to participation faced by kids living in low-income households. To that end, we pay tuition and other participation fees, liaise with families to make them aware of opportunities for their kids, manage applications and other paperwork, and act as a central point of contact and clearinghouse of information.

Although we focus on giving children opportunities in the community, we have found that the Kids Collaborative approach is in many ways a two-generation intervention with multiple impacts. Our model facilitates positive relationships between parents and their children. Parental involvement is a key component of the Kids Collaborative model and empowers these parents to provide their children with the experiences and activities that children from more well-off households take for granted.

By providing kids access to programs that they would otherwise not be able to afford, we are mitigating socio-economic segregation, allowing both adults and children to build social capital with peers from different socio-economic backgrounds.

The Kids Collaborative supports many other businesses and non-profit organizations in Keene and directly contributes to the local economy, paying more than \$100,000 in tuition, fees, and other costs for our kids to participate in activities in the community. This includes \$1,150 in 2021 to the City of Keene Parks & Recreation Department for youth athletics, pool passes and summer camp.

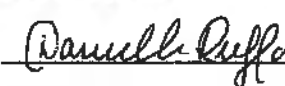

Our long-term vision is to broaden the group of children that we serve, to include those in need that are outside our existing portfolio. Our sustainability and strategic plan will help move us closer to that goal however we also need the financial support of our community for that to become a reality.

Sincerely,

ITEM #C.4.

Meeting Date: June 16, 2022
To: Mayor and Keene City Council
From: Councilor Andrew Madison
Through: Patricia Little, City Clerk
Subject: **Councilor Andrew Madison - Proposed Adjustments to the Operating Budget**

Recommendation:

Attachments:

1. Communication_Councilor Madison

Background:

Councilor Madison is proposing two amendments to the proposed operating budget: 1) increase the allocation for the Keene Housing Kids Collaborative from \$5,000 to \$10,000 to better support programming and resources for children residing in Keene Housing properties; and 2) increase the allocation for the Conservation Commission from \$1,500 to \$2,000 to provide funding for educational events including speaker series and guided hikes.

June 11, 2022

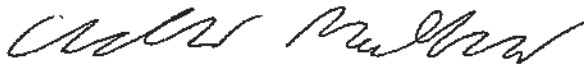

To the Mayor and City Council,

I propose the following amendments to the Fiscal Year 2022-2023 City of Keene Operating Budget:

Amendment 1: Account 62187- Keene Housing Kids Collaborative- Increase from \$5,000 to \$10,000 to better support programming and resources for children residing in Keene Housing Properties.

Amendment 2: Account 62179- Conservation Commission- Increase from \$1,500 to \$2,000 to provide funding for educational events including speaker series and guided hikes.

Respectfully,

A handwritten signature in black ink, appearing to read "Andrew M. Madison".

ITEM #C.5.

Meeting Date: June 16, 2022

To: Mayor and Keene City Council

From: Councilor Kate Bosely
Councilor Robert Williams

Through: Patricia Little, City Clerk

Subject: **Councilors Kate Bosley and Robert Williams - Proposed Amendments to Operating Budget**

Recommendation:

Attachments:

1. Communication_Bosley_Williams

Background:

Councilors Bosley and Williams are proposing two amendments to the proposed operating budget: 1) increase the allocation for the Keene Housing Kids Collaborative from \$5,000 to \$10,000 and 2) increase the allocation for the Good Samaritans from \$4,500 to \$5,000. The funding increase is to ensure that both of these organizations have the resources they need to be effective in their respective missions.

KATE MICHELLE BOSLEY

111 Gunn Rd • Keene, NH 03431 • Phone (603) 493-4586
Email: katebosley603@gmail.com * www.hendersonbosley.com

June 13th, 2022

Dear Mayor and City Council,

We are writing this letter in regard to the requests made by both Keene Housing Kids Collaborative and the Good Samaritans for level funding from the previous year.

We request an increase to the budget for each group. We request an additional \$5000 for the Keene Housing Kids Collaborative and \$500 for the Good Samaritans. This would bring the KHKC funding level up to \$10,000 and Good Samaritans funding up to \$5000.

In regard to the KHKC, we see a lot of value in supporting an organization that benefits kids from families with some of the lowest income levels in our community. We believe that the best investment that can be made for the future of our community is in our children. As parents, we recognize the importance of creating opportunities for our children to explore their world around them and expose them to positive influences so that they have every chance to make good choices for their futures. Many of us have a story where an adult, who wasn't a parent, may have changed our own trajectory. It could have been a coach or a teacher who believed in us or opened a door we didn't even know was there and changed who we became as adults. A \$5000 investment that changes just one child's future is worth it and can benefit the community for years to come.

We also support level funding for the Good Samaritans, which is an organization that is picking up where our community mental health supports are falling short. We have gone through some of the most stressful times during the pandemic years, and for the Council to reduce funding at this time to an organization that helps prevent the tragedy of suicide would be irresponsible.

It is our request that we stand behind both of these groups as a community and level fund them to ensure they have the resources they need to be effective in their missions..

Thank you for your consideration.

Councilor Bosley, At-Large

Councilor Williams, Ward 2

ITEM #C.6.

CITY OF KEENE NEW HAMPSHIRE

Meeting Date: June 16, 2022

To: Mayor and Keene City Council

From: Fabian Friedland/Keene Island Condo Association and Keene Island Holdings

Through: Patricia Little, City Clerk

Subject: **Fabian Friedland/Keene Island Condo Association and Keene Island Holdings - Requesting an Amendment to a Lease of City Property for Parking - Map 577-Lot 34 - Island Street**

Recommendation:

Attachments:

1. Communication_Friedland

Background:

On behalf of Keene Island Condo Association and Keene Island Holdings; Fabian Friedland is requesting an amendment to a lease of City property north of 69 Island Street for parking.

Keene Island Holdings LLC
69 Island St Keene NH03431

6/13/22

To the Mayor and The City Council Of Keene:

We are the owners of the portion of Island Mill Condominium that contains Corning Specialty Materials as a tenant. The property is at 69 Island St and encompasses around 90,000'.

I have owned this property since 2019, when I purchased it from Ranger Curran.

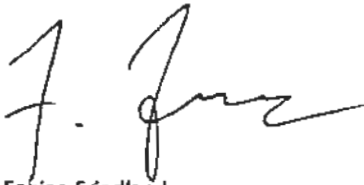

Corning has recently extended their lease again and have recently spent a considerable amount of money upgrading their clean-room facilities. Costs that we contributed towards.

It has come to my attention that a lease existed from the City, that enabled the Condominium to lease City land, for parking for the Corning facility.

I would ask that you please authorize the City Manager to negotiate and sign a lease that is acceptable to the City.

Obviously, I would like to do everything I can in making sure that Corning continues to be a happy tenant.

Many thanks for your help in this matter,

Fabian Friedland

On behalf of Keene Island Condo Association and Keene Island Holdings.

CITY OF KEENE NEW HAMPSHIRE

ITEM #C.7.

Meeting Date: June 16, 2022
To: Mayor and Keene City Council
From: Councilor Philip M. Jones
Through: Patricia Little, City Clerk
Subject: **Councilor Philip Jones - Unsafe Sign Placement**

Recommendation:

Attachments:

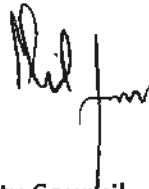

1. Communication_Councilor Jones

Background:

Councilor Jones is requesting the City prohibit the placement of signs in any city right of way that is not safely accessible without permission of the city.

June 14, 2022

FROM: Councilor Philip M. Jones

TO: The Honorable Mayor and City Council

SUBJECT: Unsafe Sign Placement

Recommendation:

The Keene City Council prohibit placing of signs in any city right of way that is not safely accessible without permission of the city.

BACKGROUND:

- The prohibition of signs for safety reasons would be similar to the already established prohibition of panhandling in those same locations for the same safety reasons.
- The prohibition should include all roundabouts, rotaries, traffic circles, medians, and dividers.
- The purpose of this request is to prohibit the unsafe placing of all signs including political campaign, business promotion, help wanted, event notification, yard sale etc.

CITY OF KEENE NEW HAMPSHIRE

Meeting Date: June 16, 2022

To: Mayor and Keene City Council

From: Planning, Licenses and Development Committee, Standing Committee

Through:

Subject: **Pablo Fleischmann – Keene Music Festival – Request for Use of City Property – September 3, 2022 – Pablo Fleischmann**

Recommendation:

On a roll call vote of 5–0, the Planning, Licenses, and Development Committee recommends that The Keene Music Festival be granted a street fair license to use downtown City rights-of-way for purposes of conducting merchant sidewalk sales, as well as use of downtown City property on Central Square, Railroad Square, and designated parking spaces on Main Street to conduct the Keene Music Festival on Saturday, September 3, 2022 from 9:00 AM to 10:30 PM. In addition, the applicant is permitted to close off a portion of Railroad Street, from Main Street to the westerly entrance of the Wells Street Parking Garage, and a portion of Church Street from Main Street to the entrance of the Selman Company parking lot. This permission is granted subject to the following conditions: following conditions: the signing of a revocable license and indemnification agreement; that the petitioner provide a certificate of liability insurance with the City of Keene listed as additional insured in the amount of \$1,000,000; submittal of a signed letter of permission from City Tire for use of their property, and compliance with any recommendations of City staff. In addition, the petitioner is granted use of the requested parking spaces free of charge under the provisions of the Free Parking Policy. Petitioner agrees to absorb the cost of any City services over and above any amount of City funding allocated in the FY 23 Community Events Budget. Said payment shall be made within 30-days of the date of invoicing.

Attachments:

None

Background:

Chair Bosley welcomed comments from the Director of Public Works/Emergency Management, Kurt Blomquist. Mr. Blomquist said this event is scheduled for September 3 from approximately 10:00 AM–10:30 PM, with music ending at 10:00 PM. There will be six stages at various locations around the downtown commons. There have been several protocol meetings with the applicants and two more were scheduled before the event. The event is expected to draw 6,000–8,000 attendees. Staff had sufficient information to recommend that the Committee vote to approve this request.

Chair Bosley noted a request in the application for temporary barriers in case the Police were to instruct them to shut-down part of Railroad Street; she asked if a particular issue led to that

requirement this year. Mr. Blomquist replied that in the past Railroad Street has been permanently closed for the event for bands to access the stage. For this year's event, there will be a music further down Railroad Square, and this is precautionary should the crowd spill into Railroad Street. These details would be finalized at the remaining protocol meetings.

Vice Chair Giacomo wondered if a 10:30 PM end time was pushing it a little late. Mr. Blomquist replied that the music would end at 10:00 PM for clean-up to commence.

Councilor Jones recalled that sometimes, the bands start parking two hours prior to the official start time and asked if that was occurring this time. Mr. Blomquist felt everything was covered in the license and the bands will not take-up a lot of parking so he was not overly concerned. The exception is Railroad Street, which will be handled administratively and posted accordingly. This motion gives Staff a little more latitude to make last-minute changes.

Hearing no public questions or comments, Chair Bosley entertained a motion by Vice Chair Giacomo, which was duly seconded by Councilor Jones.

On a roll call vote of 5–0, the Planning, Licenses, and Development Committee recommends that The Keene Music Festival be granted a street fair license to use downtown City rights-of-way for purposes of conducting merchant sidewalk sales, as well as use of downtown City property on Central Square, Railroad Square, and designated parking spaces on Main Street to conduct the Keene Music Festival on Saturday, September 3, 2022 from 9:00 AM to 10:30 PM. In addition, the applicant is permitted to close off a portion of Railroad Street, from Main Street to the westerly entrance of the Wells Street Parking Garage, and a portion of Church Street from Main Street to the entrance of the Vision Financial parking lot. This permission is granted subject to the following conditions: the signing of a revocable license and indemnification agreement; that the petitioner provide a certificate of liability insurance with the City of Keene listed as additional insured in the amount of \$1,000,000; submittal of a signed letter of permission from City Tire for use of their property, and compliance with any recommendations of City staff. In addition, the petitioner is granted use of the requested parking spaces free of charge under the provisions of the Free Parking Policy. Petitioner agrees to absorb the cost of any City services over and above any amount of City funding allocated in the FY 23 Community Events Budget. Said payment shall be made within 30-days of the date of invoicing.

Mr. Fleischmann questioned the provision for written permission from City Tire, which they do annually, but it was never formally required in writing. Mr. Blomquist responded that this written permission has been a condition in past approvals as well.

CITY OF KEENE NEW HAMPSHIRE

ITEM #D.2.

Meeting Date: June 16, 2022
To: Mayor and Keene City Council
From: Finance, Organization and Personnel Committee, Standing Committee
Through:
Subject: **Wastewater Treatment Plant Laboratory Renovation - Engineering Change Order 3 - WWTP Operations Manager**

Recommendation:

On 5-0 vote, the Finance, Organization and Personnel Committee recommends that the City Manager be authorized to do all things necessary to execute Change Order 3 with Underwood Engineers to perform engineering services for the Laboratory Renovation Project for an amount not to exceed \$4,000 for contract 04-21-22.

Attachments:

None

Background:

Asst. Public Works Director/WWTP Operations Manager Aaron Costa addressed the Committee. Mr. Costa stated the City has a project to renovate the existing laboratory and executed a contract with Underwood Engineers for \$20,500 for design, bid services and some minimal construction oversight services. During that design it was discovered the original HVAC system in the laboratory did not meet code. As a result, change orders 1 and 2 were executed with Underwood to correct those deficiencies.

Mr. Costa stated the contractor is mobilized and construction has begun with the new HVAC system and roof penetration for the supply exhaust fan. When the contractor performed demo of the existing HVAC ductwork for the exhaust fan (12 by 12 opening) they discovered there was structural lintel, which is a steel structural support that supports a concrete block in brick masonry. This causes an issue increasing the size of the ductwork, which was required to increase the exhaust ventilation. One of the things the contractor does not want to do is to cut into that structural lintel. Hence, Change Order 3 is to work through a solution.

Mr. Costa noted funds are available for this work in the laboratory renovation project 08106.

Councilor Lake made the following motion, which was seconded by Councilor Madison.

On 5-0 vote, the Finance, Organization and Personnel Committee recommends that the City Manager be authorized to do all things necessary to execute Change Order 3 with Underwood

Engineers to perform engineering services for the Laboratory Renovation Project for an amount not to exceed \$4,000 for contract 04-21-22.

CITY OF KEENE NEW HAMPSHIRE

Meeting Date: June 16, 2022

To: Mayor and Keene City Council

From: Finance, Organization and Personnel Committee, Standing Committee

Through:

Subject: **Accept American Rescue Plan Act (ARPA) Funds & Contract Services to Perform Sludge Dryer Feasibility Study - WWTP Operations Manager**

Recommendation:

On 5-0 vote, the Finance, Organization and Personnel Committee recommends that the City Manager be authorized to do all things necessary to accept and execute an American Rescue Plan Act (ARPA) grant from the New Hampshire Department of Environmental Services (NHDES) in the amount up to \$100,000 for the Sludge Dryer Feasibility Study.

On 5-0 vote, the Finance, Organization and Personnel Committee recommends the City Manager be authorized to do all things necessary to negotiate and execute a professional services contract with Brown & Caldwell to perform a Sludge Dryer Feasibility Study for an amount not to exceed \$99,400.00. If a contract cannot be negotiated, the City Manager is authorized to negotiate with the next ranked firm.

Attachments:

None

Background:

Mr. Costa addressed the Committee again and stated the wastewater plant has a product which is treated product discharged into the Ashuelot River. There is also a waste product the City needs to dispose of which is the dewatered bio solids, currently hauled and disposed of at Waste Management's Turnkey landfill in Rochester, NH.

Mr. Costa stated there are three ways to dispose of bio solids; land application, incineration, and landfilling. With recent developments regarding PFAS regulations, as well as other factors, including limited landfill capacity and increased bio solids disposal costs, the City is exploring sludge drying technology as an alternative means of bio solids management. This would be an add on process to the current dewatering processes.

The WWTP produces approximately 4,500 wet tons of bio solids per year. With the current equipment, only 30% is turned into solids, the remaining 70% is water. With the sludge drying technology, the City will be able to dry sludge up to about 95% solids, only haul away, and pay for

5% water. This project includes the evaluation of different types of drying technologies, energy requirements, capacity analysis, and construction costs. The study will also develop an overall business case to definitively answer whether a sludge dryer is economically advantageous.

In 2021, the City submitted a pre-application for a Clean Water State Revolving Fund loan. This project was awarded up to \$100,000 in grant funds through the American Rescue Plan Act (ARPA). In 2022, the City advertised a Request for Qualifications and received two responses. A review team consisting of individuals from Public Works reviewed and rated the proposals. Based on this, staff is recommending the Manager to accept and execute an ARPA grant from the New Hampshire Department of Environmental Services in the amount up to \$100,000 for the Feasibility Study. Also, to execute a professional services contract with Brown & Caldwell to perform a Feasibility Study for an amount not to exceed \$99,400.00. If a contract cannot be negotiated, the City Manager be authorized to negotiate with the next ranked firm.

Councilor Remy asked what the output would be of a feasibility study on a sludge dryer. Ms. Costa stated what is going to be studied is whether or not it makes sense to install one. He added it is a very expensive piece of equipment. There are energy, mechanical and electrical requirements. Where is it going to live, how is it going to interact with the existing equipment. There are also regulations that go along with this drying process.

Chair Powers asked about the experience factor for Brown and Caldwell. Mr. Costa stated they are a national firm who has done a lot of work in this area. One of the project managers is a board member of the New England Bio solids Management Association. He added the City is also working with this firm on the wastewater treatment plant roof replacement project and staff is happy with the how they have been able to keep on schedule.

Councilor Madison made the following motion, which was seconded by Councilor Remy.

On 5-0 vote, the Finance, Organization and Personnel Committee recommends that the City Manager be authorized to do all things necessary to accept and execute an American Rescue Plan Act (ARPA) grant from the New Hampshire Department of Environmental Services (NHDES) in the amount up to \$100,000 for the Sludge Dryer Feasibility Study.

Councilor Madison made the following motion, which was seconded by Councilor Remy.

On 5-0 vote, the Finance, Organization and Personnel Committee recommends the City Manager be authorized to do all things necessary to negotiate and execute a professional services contract with Brown & Caldwell to perform a Sludge Dryer Feasibility Study for an amount not to exceed \$99,400.00. If a contract cannot be negotiated, the City Manager is authorized to negotiate with the next ranked firm.

CITY OF KEENE NEW HAMPSHIRE

Meeting Date: June 16, 2022

To: Mayor and Keene City Council

From: Finance, Organization and Personnel Committee, Standing Committee

Through:

Subject: **Sole Source Approval for Sludge Pump Replacement Project - WWTP Operations Manager**

Recommendation:

On 5-0 vote, the Finance, Organization and Personnel Committee recommends that the City Manager be authorized to do all things necessary to sole source Seepex for the sludge pump replacement project at the Wastewater Treatment Plant.

Attachments:

None

Background:

Mr. Costa addressed this item and indicated this is a sole source contract approval for a sludge pump replacement project at the wastewater treatment plan. He indicated the wastewater plant approaches 40 years, many original components are at the end of their useful life. This project replaces six original sludge pumps. He indicated these pumps have served the City well and have been scheduled for replacement through the City's capital improvement program.

He went on to say that the City executed a design contract with Underwood Engineers for design and construction related engineering services. However, prior to completing the design, the pumping equipment needs to be selected because each type of pump has its own footprint as well as different electrical and mechanical requirements. As part of the equipment selection process, the City invited three different type of pump manufacturers to the wastewater treatment plant to give an overview and presentation of their equipment. Staff met with representatives from Borger who have a Rotary Lobe style pump, Seepex which is a positive displacement-progressive cavity type pump and Penn Valley which is a positive displacement/double disc.

Based on those presentations, City staff narrowed its choices down to Seepex and Penn Valley. Underwood Engineers scheduled site tours at Hanover, Henniker and Penacook wastewater treatment plants for staff to view some real-life installations of both types of pumps and be able to talk to their operations and maintenance staff. After touring the three wastewater plants, staff and Underwood are recommending the Seepex's progressive cavity pumps. These recommendations are based on size, footprint and maintenance requirements, as well as hydraulics and cost. Mr. Costa noted Underwood obtained budgetary pricing for both Seepex and Pump Valley, and the prices listed

below is for pumps spare parts, shipping and training services. Seepex is about \$90,000. Penn Valley is about \$170,000

Councilor Remy stated he is not usually in favor sole source and felt this item did not sound like a sole source as staff did a lot of research and comparisons and even got budgetary prices for both. Mr. Costa agreed and added technically it is referred to as sole source. Chair Powers clarified six pumps would be the total complement. Mr. Costa agreed it would be for this specific type of sledge pumps but there are other pumps that have been replaced. The Chair felt this was good pricing and asked whether it would not be prudent to have a spare if one goes down. Mr. Costa stated the quotes price builds in redundancy and it does have a redundant pump included in it.

Councilor Remy made the following motion, which was seconded by Councilor Chadbourne.

On 5-0 vote, the Finance, Organization and Personnel Committee recommends that the City Manager be authorized to do all things necessary to sole source Seepex for the sludge pump replacement project at the Wastewater Treatment Plant.

CITY OF KEENE NEW HAMPSHIRE

Meeting Date: June 16, 2022
To: Mayor and Keene City Council
From: Finance, Organization and Personnel Committee, Standing Committee
Through:
Subject: **Utility Reimbursement Agreement with Liberty Utilities - City Engineer**

Recommendation:

On 5-0 vote, the Finance, Organization and Personnel Committee recommends that the City Manager be authorized to do all things necessary to negotiate and execute a project reimbursement agreement with Liberty Utilities related to the Winchester Street Reconstruction Project.

On 5-0 vote, the Finance, Organization & Personnel Committee recommend that the City Manager be authorized to do all things necessary to negotiate and execute a design Change Order with McFarland Johnson in an amount not to exceed \$25,000, subject to the execution of a Project Reimbursement Agreement.

Attachments:

None

Background:

City Engineer Don Lussier stated this request is related to the Winchester Streets Reconstruction Project. At the present time, utility providers are relocating some of their equipment to make room for the changes that are going to be made. In keeping with this, Liberty Utilities has asked that in order to accommodate their eventual replacement of the gas line that runs underneath the Ashuleot River, to include a sleeve that they can later slide their gas pipe into in the bridge. Mr. Lussier stated this is almost identical to what the City is doing with its own water main. He added this will not affect the operation of the bridge or the maintenance on the bridge. This work will have no cost to the City, Liberty Utilities will reimburse the City for 100% of the costs for both the design and construction.

However, this work has to be included within the construction of the DOT project. Hence, the City will have to first pay its contractors for the work (design engineer and construction contractor). Liberty Utilities will then reimburse the City for those costs.

Councilor Chadbourne made the following motion, which was seconded by Councilor Lake.

On 5-0 vote, the Finance, Organization and Personnel Committee recommends that the City Manager be authorized to do all things necessary to negotiate and execute a project reimbursement agreement with Liberty Utilities related to the Winchester Street Reconstruction Project.

Councilor Chadbourne made the following motion, which was seconded by Councilor Lake.

On 5-0 vote, the Finance, Organization & Personnel Committee recommend that the City Manager be authorized to do all things necessary to negotiate and execute a design Change Order with McFarland Johnson in an amount not to exceed \$25,000, subject to the execution of a Project Reimbursement Agreement.

CITY OF KEENE NEW HAMPSHIRE

Meeting Date: June 16, 2022

To: Mayor and Keene City Council

From: Finance, Organization and Personnel Committee, Standing Committee

Through:

Subject: **Construction Change Order - 2022 Sewer Main Lining Contract - City Engineer**

Recommendation:

On 5-0 vote, the Finance, Organization and Personnel Committee recommends that the City Manager be authorized to do all things necessary to authorized to do all things necessary to negotiate and execute a construction Change Order with Insituform Technologies, Inc. in the amount of \$57,393.00 with funding provided by Project Cost Center 08066.

Attachments:

None

Background:

Mr. Lussier stated this item is related to the sewer lining project the City does each year. He noted the costs are very competitive and staff received four bids on this project. He indicated the project was designed based on the amount of funding available, which is \$401,000 but it has been designed to cost about \$388,000. The actual low bid was \$322,000. He indicated staff's suggestion is rather than leave the money sitting in the bank for a year, they would like to extend the scope of the work and take advantage of the good pricing and add another 536 feet to the contract. This summer the work will be from Kelleher Street across Baker Street through the fields to Route 101. The additional 536 feet will allow the City to continue across Route 101 to Martel Court to get very close to the Pump Station. At the end of this project, the entire Beaver Brook interceptor would be lined. Councilor Remy asked how many feet would be left from Martell Court. Mr. Lussier stated it would be approximately another 500 feet. He added this is a program done every year and it can be concluded next year.

Councilor Lake made the following motion, which was seconded by Councilor Madison.

On 5-0 vote, the Finance, Organization and Personnel Committee recommends that the City Manager be authorized to do all things necessary to authorized to do all things necessary to negotiate and execute a construction Change Order with Insituform Technologies, Inc. in the amount of \$57,393.00 with funding provided by Project Cost Center 08066.

CITY OF KEENE NEW HAMPSHIRE

Meeting Date: June 16, 2022

To: Mayor and Keene City Council

From: Finance, Organization and Personnel Committee, Standing Committee

Through:

Subject: **Clean Water and Drinking Water State Revolving Fund - Authority to Borrow and Accept Grants - City Engineer**

Recommendation:

On 5-0 vote, the Finance, Organization and Personnel Committee recommends that the City Manager be authorized to do all things necessary to apply for, accept and execute loan agreements with the New Hampshire Department of Environmental Services (NHDES) Clean Water and Drinking Water State Revolving Funds for the following projects: Main Street Flood Management at \$951,100; Drainage Lining Program at \$920,800; Main Street Sewer Rehabilitation at \$710,500; Sewer Manhole Lining at \$1,083,600; and the Sewer Repair and Lining project at \$1,081,395.

On 5-0 vote, the Finance, Organization & Personnel Committee recommend that the City Manager be authorized to do all things necessary to accept and execute any and all American Rescue Plan Act (ARPA) grants offered by the New Hampshire Department of Environmental Services (NHDES) for City Capital Improvement Program projects.

Attachments:

None

Background:

Mr. Lussier stated this is similar to the project addressed previously by Mr. Costa using ARPA grant funds. This item relates to five other projects that were submitted through the State Revolving Fund. Mr. Lussier stated the City Manager has made it clear that she wants staff to search out and apply for as many grants or principal forgiveness funding as possible; staff continues to do that. In 2021, in addition to Mr. Costa's project, staff applied for a total of five additional projects:

- Sewer and drainage associated with the Main Street Downtown infrastructure project.
- Drainage lining program, which will start in 2024.
- Sewer manhole lining (five to six year program) to line all the brick manholes that are in the City's inventory.
- Sewer repair and lining, which is an annual program. These projects were sent to the State for funding. The two drainage related projects scored very well and received grant funding under the American Rescue Plan Act (ARPA) grant as well as principal forgiveness.

Mr. Lussier explained the Clean Water State Revolving fund is a loan program designed and intended to help municipalities fund either clean wastewater, storm water or drinking water projects. They offer attractive financing. Currently the rate is 2%. Often DES offers those loans with an added incentive in the form of principal forgiveness. All three sewer, clean water, wastewater projects qualified for the principal forgiveness, but the projects didn't score quite high enough for ARPA funding. Mr. Lussier noted another nice feature of this program is that there is no pre-payment penalty.

Councilor Madison stated he is happy to see the City going after the clean water and drinking water State Revolving Funds.

Councilor Madison made the following motion, which was seconded by Councilor Remy.

On 5-0 vote, the Finance, Organization and Personnel Committee recommends that the City Manager be authorized to do all things necessary to apply for, accept and execute loan agreements with the New Hampshire Department of Environmental Services (NHDES) Clean Water and Drinking Water State Revolving Funds for the following projects: Main Street Flood Management at \$951,100; Drainage Lining Program at \$920,800; Main Street Sewer Rehabilitation at \$710,500; Sewer Manhole Lining at \$1,083,600; and the Sewer Repair and Lining project at \$1,081,395.

Councilor Madison made the following motion, which was seconded by Councilor Remy.

On 5-0 vote, the Finance, Organization & Personnel Committee recommend that the City Manager be authorized to do all things necessary to accept and execute any and all American Rescue Plan Act (ARPA) grants offered by the New Hampshire Department of Environmental Services (NHDES) for City Capital Improvement Program projects.

CITY OF KEENE NEW HAMPSHIRE

Meeting Date: June 16, 2022
To: Mayor and Keene City Council
From: Patricia Little, City Clerk
Through:
Subject: **Warrant for Unlicensed Dogs - City Clerk**

Recommendation:

That the City Council issue a warrant for unlicensed dogs pursuant to NHRSA 466:14, and the Keene Police Department be directed to issue a civil forfeiture to those dog owners who have failed to license their dog by April 30, 2022.

Attachments:

1. Dog Warrant List 2022_ExistingOwners
2. Dog Warrant List 2022_NewOwners

Background:

State Statute provides that the City Council authorize the annual warrant for unlicensed dogs. The civil forfeiture carries a \$25.00 fine that must be paid by the dog owner within 15 days of receiving notice. State statute also provides that failure to license a dog and pay the civil forfeiture could result in a complaint being filed with Keene's Eighth Circuit Court.

This year the City Clerk's Office is presenting two lists for authorization. The first is a list of owners who have not renewed their dog's license for this year. The list of non-renewal dogs contains approximately 442 dog owners, with 565 dogs remaining unlicensed. The second list represents owners for which the City Clerk has received a notification from a local veterinarian that the dog has received a rabies vaccination. Veterinarians are required by statute to notify the City Clerk and we in turn are required to follow up with these dog owners to ensure they obtain a license. This notification entails sending the owner a letter notifying them of the obligation to license their pet. Many of the owners on this list have received multiple notifications. We recently found out that we should be including them in our annual warrant process. The list of new dog owners contains approximately 276 owners, with 321 unlicensed dogs.

The following mechanisms for reminding dog owners of the licensing requirement were followed: 2 official publications appeared in The Keene Sentinel, monthly reminder emails sent to dog owners beginning in February, and reminder postcards sent to owners with no email address in March. We also utilized an online service to do automated phone calls to all owners remaining on the warrant list. This call was done at the beginning of June. To-date, the City Clerk's Office has issued 2,341

dog licenses for the 2022-2023 license period.

Civil Forfeitures are typically issued on or around July 15th and are due within 15 days of issuance. The City Clerk's Office will continue outreach efforts in an effort to reduce the number of fines that need to be sent.

CITY OF KEENE NEW HAMPSHIRE

Meeting Date: June 16, 2022
To: Mayor and Keene City Council
From: Planning, Licenses and Development Committee, Standing Committee
Through:
Subject: **Zone Change – 19 Whitcomb's Mill Road – Rural to Low Density-1 Ordinance O-2022-02**

Recommendation:

On a vote of 5–0, the Planning, Licenses, and Development Committee recommends adoption of Ordinance O-2022-02.

Attachments:

1. Ordinance O-2022-02

Background:

The City Attorney, Tom Mullins, recalled that the public hearing for this matter has occurred and thus he anticipated a conversation between the Committee and Staff at this point on the Ordinance.

Chair Bosley welcomed Senior Planner, Mari Brunner, who briefly recalled this proposed zoning change, which was detailed at a public hearing on May 5, after the Joint Planning Board–Planning, Licenses, & Development Committee public workshop in January. That Committee did discuss availability of water to the site, potential traffic impacts, and the condition of the one-lane bridge over White Brook. Ordinance O-2022-02 proposes to amend the official zoning map by changing the zoning of one specific parcel of land located at 19 Whitcomb’s Mill Road from Rural (11.8 acres) and Agricultural (0.45-acre) to Low Density-1. This land’s historic zone line was once adjusted to have both uses adjacent on the property. The total land area impacted is 12.2 acres owned by the Sandra R. Henry Trust, through its representative Jim Phippard. Ms. Brunner recalled that the Joint Committee did question whether this would be “spot zoning.” Their consensus was that this would not be “spot zoning” because the parcel does meet the intention of Low Density-1. Ms. Brunner noted there were no comments in opposition at the public hearing. Ms. Brunner welcomed questions.

Councilor Jones wanted to reiterate his position in opposition to the Surface Water Protection Ordinance and what was called “surface water.” He said there were different barriers in different zones and at the time he said, “Is this all it takes for someone to change the zone and barrier changes?” He said that was what was happening here. He said it really has nothing to do with the zoning change, but how easy it is to change that buffer.

The City Attorney said that since the public hearing occurred already, it was not appropriate to take public comment at this meeting. Staff had provided a recommended motion.

Councilor Jones said this was good for the City during a housing crisis and he thanked Staff for going through the process and Mr. Phippard for applying.

Hearing no further comments or questions, Chair Bosley entertained a motion by Councilor Johnsen, which was duly seconded by Councilor Jones.

On a vote of 5–0, the Planning, Licenses, and Development Committee recommends adoption of Ordinance O-2022-02.

CITY OF KEENE

Ordinance O-2022-02

Twenty-two

In the Year of Our Lord Two Thousand and
Relating to Amending the Zoning Map to Change the Zoning Designation at 19
AN ORDINANCEWhitcomb's Mill Road from Rural and Agricultural to Low Density-1.....

Be it ordained by the City Council of the City of Keene, as follows:

That the Ordinances of the City of Keene, as amended, are hereby further amended, by changing the Zoning designation at 19 Whitcomb's Mill Road, TMP 237-018-000 (Map 237 lot 018) from Rural and Agricultural to Low Density-1A certain tract of land on the west side of Whitcomb's Mill Road in City of Keene, County of Cheshire and State of New Hampshire, bounded and described as follows:

Rural Zone

Beginning at a point which marks the intersection of the westerly line of Whitcomb's Mill Road (referred to in former deeds as Daniel Hill Road) and the northerly line of land of the State of New Hampshire:

Thence South 72°39'45" West 116.61 feet, more or less, along land of the State of New Hampshire to a point;

Thence a curve to the right with a radius of 1859.86 feet and a length of 568.58 feet, more or less, along land of the State of New Hampshire to a point at the agricultural zone below;

Thence North 09°55'01" West 194.54 feet, more or less, along the agricultural zone below to an iron pin at land of Mark and Alona Florenz;

Thence North 09°55'01" West 408.53 feet, more or less, along a stone wall and land of Mark and Alona Florenz to an iron pin;

Thence North 68°33'19" East 772.57 feet, more or less, along land of Weston Griswold Trust to an iron pin on the westerly line of Whitcomb's Mill Road;

Thence southerly 764 feet, more or less, along the westerly line of Whitcomb's Mill Road to the place of beginning (the "closure line" of the last course is South 04°14'19" East 759.35 feet).

Containing 11.84 acres, more or less.

Agricultural Zone

Beginning at a point on the northerly line of land of the State of New Hampshire at the southwest corner of the rural zone above;

Thence a curve to the right with a radius of 1859.86 feet and a length of 197.55 feet, more or less, along the land of the State of New Hampshire to an iron pin at land of Mark and Alona Florenz;

Thence North 40°07'49" East 154.44 feet, more or less, along a stone wall and land of Mark and Alona Florenz to a point;

Thence North 45°44'44" East 89.49 feet, more or less, along a stone wall and land of Mark and Alona Florenz to an iron pin at the rural zone above;

Thence South 09°55'01" East 194.54 feet, more or less, along the rural zone above to the place of beginning.

Containing 0.45 acres, more or less.

Containing 12.29 acres, more or less, on a survey map entitled "Preliminary Subdivision Plan of land, Sandra R. Henry Trust, Tax Map 237 Lot 18, 19 Whitcomb's Mill Road, Keene, New Hampshire"; dated May 29, 2021; prepared by Paton Land Surveying.

CITY OF KEENE NEW HAMPSHIRE

ITEM #J.2.

Meeting Date: June 16, 2022
To: Mayor and Keene City Council
From: Finance, Organization and Personnel Committee, Standing Committee
Through:
Subject: **Relating to Class Allocations & Salary Schedules
Ordinance O-2022-05**

Council Action:

**In City Council June 2, 2022.
Tabled until the next regular meeting.**

Recommendation:

On a 5-0 vote, the Finance, Organization and Personnel Committee recommends adoption of Ordinance O-2022-05.

Attachments:

1. O-2022-05 with Schedules_Referral_Referral

Background:

Asst. City Manager/HR Director Beth Fox stated she was before the Committee this evening with updates to the class allocation and salary schedules to go along with some of the adjustments and changes that have been seen in the budget process.

The ordinance related to the salary and wage schedules is for non-union employees which includes an across the board increase of 2%, which is comparable to the adjustments that are in the negotiated bargaining agreements. Ms. Fox stated it also has some schedule adjustments.

City Code Section 166, which relates to probationary public works employees, reflects COLA adjustment and it also reflects an elimination of a step in the schedule, allowing the City to increase the entry level wage for these positions, to be a little more competitive in the market, but it still fits into the overall compensation plan for this particular workforce.

Sections 191 and 192, which relate to probationary firefighters and police officers - reflect the COLA increase and include the adjustment that was made in January, adding the paramedic only position.

Section 62194 – there are several positions that are being reclassified:

- Purchasing Specialist
- Police Dispatch Supervisor
- Fleet Services Operation Manager position is being discontinued and the Fleet Services Manager

position is being added

- Assistant IT Director position is being discontinued and the individual in that position will be advanced
- Communications and Marketing Director position is being added
- Deputy City Manager title is being added

In answer to a question from a Committee member, Ms. Fox noted that the Purchasing Specialist position will replace the existing administrative support position in the Purchasing Department. She added that this department is being restructured – it is going from two and half people to two; this person is taking on additional responsibilities and the new software that is going to be implemented will require some redundancy which will put some additional responsibilities on to that position.

Councilor Chadbourne made the following motion, which was seconded by Councilor Lake.

On a 5-0 vote, the Finance, Organization and Personnel Committee recommends adoption of Ordinance O-2022-05.

CITY OF KEENE

O-2022-05

Twenty-two

In the Year of Our Lord Two Thousand and

Relating to Class Allocations and Salary Schedules

AN ORDINANCE

Be it ordained by the City Council of the City of Keene, as follows:

That the Ordinances of the City of Keene, as amended, hereby are further amended by deleting Section 2-231, "City Council Appointments' Salary Schedules" of Chapter 2, entitled "Administration;" as well as Section 62-141 "Call Firefighter Hourly Wage Schedule;," Section 62-166, "Hourly Wage Schedule for Probationary Public Works;" Section 62-191, "Probationary Firefighter;" Section 62-192, "Probationary Police Officer;" and Section 62-194, "Administrative and Clerical – Annual Salary Schedule", of Chapter 62 entitled, "Personnel," and by substituting in lieu thereof the following attached new sections: Section 2-231, "City Council Appointments' Salary Schedule;" Section 62-141 "Call Firefighter Hourly Wage Schedule;" Section 62-166, "Probationary Public Works Hourly Wage Schedule;" Section 62-191, "Probationary Firefighter;" Section 62-192 "Probationary Police Officer;" and Section 62-194, "Administrative, Office, Technical and Management – Annual Salary Schedule," effective July 1, 2022.

George S. Hansel, Mayor

In City Council May 19, 2022.
Referred to the Finance, Organization
and Personnel Committee.

CITY OF KEENE NEW HAMPSHIRE

Meeting Date: June 16, 2022
To: Mayor and Keene City Council
From: Finance, Organization and Personnel Committee, Standing Committee
Through:
Subject: **Relating to Personnel Systems and Procedures
Ordinance O-2022-06**

Recommendation:

On 5-0 vote, the Finance, Organization and Personnel Committee recommends adoption of Ordinance O-2022-06.

Attachments:

1. Ordinance O-2022-06

Background:

Asst. City Manager/HR Director Beth Fox was the next to address the Committee. She stated the first item is a follow up to the update to the salary Ordinance. The Manager had referred to providing compensation to the Asst. Emergency Management Director, recognizing the increasing importance of continued operations and sharing responsibility with that role. The first section of the Ordinance amends Section 62-196. It provides an annual additional sum for the staff member designated Assistant Emergency Management Director. It also takes the sums that are related to the compensation for these positions and instead of paying them annually upfront in advance of them having performed the work, it will be paid out on a weekly basis while they hold those duties.

The second item on the Code adjustment proposed is to Section 62-396, which applies primarily to non-union employees who are holding positions and salary schedule under 62-194 (Administrative Office, Technical Management, Personnel). This is a small adjustment with two impetuses. The first impetus is to provide employees with a little more flexibility as they onboard to the organization. The City's current practice does not provide them with vacation leave until they reach a six-month anniversary. Ms. Fox felt not only will this provide for flexibility, but will also help the City recruit in a more competitive market.

The Code change also recognizes to the extent vacation determinations are made for Council appointments, it is not the City Manager's responsibility, but that of the Council.

Chair Powers referred to the following text within the Ordinance "except on employment termination" and felt it was not the most appropriate terminology. Ms. Fox stated perhaps "separation of service"

might seem more appropriate. She added what the language is intending to say is that an employees will not be paid for unused vacation unless they were leaving the organization. The Committee felt comfortable with the language as it was currently written.

Councilor Remy made the following motion, which was seconded by Councilor Chadbourne.

On 5-0 vote, the Finance, Organization and Personnel Committee recommends adoption of Ordinance O-2022-06.

CITY OF KEENE

O-2022-06

In the Year of Our Lord Two Thousand and Twenty-two

AN ORDINANCE Relating to Personnel Systems and Procedures

Be it ordained by the City Council of the City of Keene, as follows:

That the Ordinances of the City of Keene, as amended, are hereby further amended by removing the stricken text and inserting the bold text in Article IV, "Classification and Pay Schedules", Division 2, "Schedules", Subdivision 5, "Annual Salary Schedules for Administrative and Clerical Personnel" and Article V, "Policies, Procedures and Conditions of Employment", Division 3 "Leaves", Subdivision II "Vacation" of Chapter 62 entitled "Personnel" as follows:

Sec. 62-196. Emergency management director and Assistant emergency management director.

Effective July 1, 201022, the employee designated as emergency management director, shall annually be paid the sum of \$4,000.00 on an annualized basis in July of each year as compensation for the additional duties and responsibilities taken on with that designation. **The employee designated assistant emergency management director, shall be paid the sum of \$2,000.00 on an annualized basis for the additional duties and responsibilities taken on with that designation. The annualized payments shall be made as part of the applicable payroll period.**

Subdivision II. Vacation

Sec. 62-396. Authorized.

- (a) ~~After successful completion of 12 months of continuous employment for firefighters and police officers or six months of continuous employment for all other regular employees, Commencing with the first month of employment a regular full-time employee holding a position recognized in Chapter 2, section 231 (City Council appointments) or Chapter 62, section 194 (administrative, office, technical and management) will begin to accrue vacation leave be entitled to seven days' paid vacation leave. If the employee's status is regular full-time, he will accrue paid vacation leave, beginning with the first anniversary date, at a rate of five-sixths regular working days or working shifts per month of continued employment. On the seventh anniversary date, the accrual rate for the basic workweek will increase to 1¼ days per month. On the fifteenth anniversary date, the rate will increase to 1¾ days per month. Vacation leave may be accrued, based on the employee's average normal workweek, to a maximum of 30 workdays. With the exception of City Council appointments under Chapter 2 section 231, wWhere the city manager determines it to be in the city's interest to do so, he may authorize other specific vacation leave provisions for a regular full-time employee at the time of employment of such employee. Any such other specific vacation leave provisions authorized by the city manager shall be in writing and will not exceed 1¾ days per month accrual. for a department head; or 1¼ days per month accrual for any other employee.~~ **Commencing with the first month of employment a regular full-time employee holding a position recognized in Chapter 2, section 231 (City Council appointments) or Chapter 62, section 194 (administrative, office, technical and management) will begin to accrue vacation leave be entitled to seven days' paid vacation leave. If the employee's status is regular full-time, he will accrue paid vacation leave, beginning with the first anniversary date, at a rate of five-sixths regular working days or working shifts per month of continued employment. Any such other specific vacation leave provisions authorized by the city manager shall be in writing and will not exceed 1¾ days per month accrual.**

- (b) Vacation schedules shall be determined by department heads in accordance with department requirements. In no case may payment be made in lieu of taking vacation leave, except on employment termination.

George S. Hansel, Mayor

In City Council June 2, 2022.
Referred to the Finance, Organization
and Personnel Committee.

Deputy City Clerk

CITY OF KEENE NEW HAMPSHIRE

Meeting Date: June 16, 2022

To: Mayor and Keene City Council

From: Planning, Licenses and Development Committee, Standing Committee

Through:

Subject: **Relating to Licenses and Permits – Parklets
Ordinance O-2022-07-A**

Recommendation:

On a roll call vote of 5–0, the Planning, Licenses, and Development Committee recommends the adoption of Ordinance O-2022-07-A.

Attachments:

1. Ordinance O-2022-07-A
2. Ordinance O-2022_07-A_redlined

Background:

Chair Bosley heard introductory comments from the City Attorney, Tom Mullins. The City Attorney recalled the City Council requesting that his office and City Staff prepare a draft ordinance to allow for the installation of parklets in the City’s rights-of-way and specific locations. Staff had fulfilled that request and he reviewed the draft Ordinance briefly. He said this draft was much like the first draft that was submitted to the Council, from which there were some requests for changes, and the Ordinance was referred back to this Committee. The City Attorney reviewed the proposed amendments to the original draft Ordinance, which were all up for Committee discussion. In Section 46-1, the Attorney identified a Scrivener’s Error, RSA 176:24 should read RSA 178:24. The City Attorney continued that the definition of a parklet is limited to entities/restaurants that consume food or beverages as provided by a license under the NH Liquor Commission. The Attorney continued that this position is in alignment with the recent amendment to RSA 178:24 regarding authority within the liquor licensing process. The City followed the legislature’s intent to limit this to entities licensed to sell alcohol.

In Section 46-9.57 (c.2) where the Ordinance says, “The parklet is placed in a maximum of” the phrase “of three adjacent parallel parking spaces” was added. He said this change was made based upon a request by a member of the Committee about adjacent parallel parking spaces. The Attorney noted that City Staff had concerns about this that would be discussed later in the meeting.

The Attorney continued in the prior version, there was a restriction that the speed limit on the street in question must be 25mph or less, but Staff removed that restriction from this draft because they felt it

excluded potential sites, which the Director of Public Works would explain.

And finally, in Section 46-959 – an amendment was made to Exhibit B, which is in the Code for licenses and fees. Included was a \$100 fee through the City Clerk just to go through the licensing process. There is also a fee of \$950 “per parking space” used as a parklet per license period.

Chair Bosley welcomed the Director of Public Works, Kürt Blomquist, who agreed that this has been a Staff driven process involving himself, the City Attorney, the Assistant City Attorney, the Economic Development/Special Projects Director, Code Enforcement, the Fire Chief, and Parking Services. Referring to a map, Mr. Blomquist continued that this Ordinance would be limited to the Downtown Core Zone—from Vernon Street to Emerald Street, Emerald Street from Eagle Court and Cyprus Street, 93rd Street to the east, and Gilbo Avenue to the west toward the St. James area—in which the goal is to encourage activities and people visiting the area. Staff took the restrictions identified under Section C of the Ordinance, which stipulates at least eight feet of space is required for sidewalk cafés for mobility and passing pedestrians. This draft of the Ordinance identifies areas in the City that do not meet the eight-foot minimum because of various obstructions, like planters and ADA ramps. Staff walked the potential parklet areas with sidewalks less than eight feet and found that they fit the criteria. There would be additional guidelines to help establish how parklets would be configured, for example they cannot be placed in front of connections for fire suppression systems in buildings. This draft includes the general physical criteria areas and the stipulation that parklets are only available to businesses with a NH Liquor License. Specific businesses/parking spaces are not identified in the Ordinance because while a business now might not have a Liquor License, a future business at that location might and would then be eligible.

Mr. Blomquist continued saying that Staff was in the process of developing additional guidelines, such as how parklets are configured based on the various parking space sizes, to not obstruct adjacent parked and passing cars, and where barriers would be needed for safety. He shared examples of how there could be safety issues with passing vehicles that would be remedied by appropriate barriers, with most impacts from vehicles on the short ends, versus veering into the center. He shared some recent examples of cars going over curbs onto sidewalks. Other restrictions include lighting, which cannot impede passing vehicles, so for example, there could be no flashing lights. Parklets would be open and not covered so they are visible for police security and putting an actual structure in these spaces gets into Building Permit issues. Staff wanted to keep this as simple as possible. There has also been discussion of heater use in the parklets, but no requirements had been reached.

Mr. Blomquist explained a concern from his perspective as well as the Fire Chief was the idea of licensing up to three individual spaces to a single entity with all three are connected, with two short ends and one long end (with passing traffic). He said that typically one space has the activity and he asked whether this Ordinance should allow three spaces to be connected for activities up to 54 feet in length. In such an instance, Mr. Blomquist questioned how someone exits from the surrounding buildings quickly and safely during an emergency; where would they go?

Mr. Blomquist concluded discussing the removal of the 25mph stipulation in this draft. Most cities allow parklets where the speed is posted as 25mph or less. When reviewing the City Code, he said that Main and Roxbury Streets are posted as 25mph, and Winchester and West Streets are 30mph. So, if the 25mph rule were retained it could eliminate potential areas. He said that part of the guidance Staff had would be for them to review those situations—particularly those where a vehicle could not reach that speed—and develop guidelines administratively.

Chair Bosley recognized the Director of Economic Development/Special Projects, Med Kopczynski, who agreed that there had been a lot of Staff background conversation on this issue and what they

think the City Council's intent is. Mr. Kopczynski said that from a safety standpoint, three parking spaces was a bit much. He said it would also impact the availability of the parking system. Along Main Street, parking availability depends on the time of day; businesses that would seek parklets have the highest patron parking use 10:00 AM–10:00 PM, and there are residents or workers who need parking, creating competition. He said there are spaces occupied most days, especially at the head of Central Square that approach 80–85% use, which is considered maxed out. Mr. Kopczynski said that to make parklets work from an economic development perspective, three parking spaces is a bit too much, though facilitating business is a great thing.

Staff offered to answer any questions.

Councilor Jones recalled asking the City Attorney whether there could be a notification process for residents and businesses within 200 feet, to which the City Attorney replied that the City cannot be responsible in case they miss someone. The City Attorney said that was exactly right. The City Attorney noted that there is a Supreme Court case that says essentially if notice is not required and notice is provided, then it must be ensured that everyone is notified. It was not something he encouraged the Council to do, and Councilor Jones agreed. Councilor Jones asked Mr. Kopczynski, from an economic development perspective, whether there is a possible notification process that should not be a part of the Ordinance, so that there are not complaints about lack of parking afterward. Mr. Kopczynski replied that all parking on Main Street is public and not designated to any business. Regarding notifications, Mr. Kopczynski was unsure who to notify.

Vice Chair Giacomo recalled a report to Council quantifying the parking capacity for various locations downtown where parklets were deemed possible, which he recalled as being in the 60% range. He said that Staff looked at possible locations downtown, and none were at the head of the square or down Main Street; Mr. Kopczynski agreed. The Vice Chair said that all suggested that parklets are not problematic from a parking capacity question. Furthermore, he said that looking at the estimated rate and calculating it comes out to approximately 50% estimated parking; he asked if that was correct. Mr. Kopczynski said no. He continued that it would be for 80% of the day rate, and 80% of an equivalent where spaces are rented quarterly (not a metered rate). Taking those spaces out would impact the system. Vice Chair Giacomo said they were assuming that these spots are actually being utilized at a higher rate than currently. He said that the City would be compensated for those spots. Mr. Kopczynski said he thought the compensation was fair, but the utilization depends on where and when. He said there is not a constant data feed of parking use, which would be helpful to regularly check rates versus the current occasional surveys. The Vice Chair recalled those surveys occurring in the 4:00 PM–5:00 PM range, when many restaurants would be opening and the spots most utilized. Mr. Kopczynski said the side streets are not used as much as the main streets.

Vice Chair Giacomo continued on the issue of three spots versus two, stating that he was one of the Councilors who proposed three spots. He provided background. He said he did a quick financial analysis of the different parklet designs that exist—he provided information to the Council on those cities—including the issue of buffer space around the barriers, which take-up approximately four feet around the edge of the parklet. He said that with the space for tables, two parking spaces would accommodate 2–3 four person tables and if each table made \$4,500 per season, the restaurant would profit \$9,000, but would have paid \$2,100 for that season's license, so they would be losing 23% of the profit immediately due to rental fees. He said that allowing a third spot doubles the margin because they could fit four more tables and only pay \$1,000 more. Vice Chair Giacomo said it was less about math and more about trying to help restaurants to be profitable.

Vice Chair Giacomo questioned more about the safety concerns for people egressing from the buildings. Fire Chief Farquhar said that as the parklets get larger, they have a sphere of influence throughout the whole block. We need to understand the size of the space, type of walls, and a way to

contain loose chairs, for example, which could be hazardous to someone egressing during an emergency. The larger spaces have a larger sphere of influence on the areas they are in front of as well as the emergency services. It speaks to proper design at the onset as the key to all of this; every space is different and must be evaluated individually. It is important that the parklet is contained so that there are not loose chairs as a hazard in the area, for example. There would need to be some level of governance to keep that space contained over time as things are added like side tables and heaters. There is no hard rule as to the number of spaces, but as they get larger the challenges increase. However, Chief Farquhar said that all of that could be managed through proper design at the onset.

Chair Bosley said she was envisioning the tipping point as potentially if a restaurant were on fire and the upstairs apartments were evacuating onto the street with 54 feet of parklet solid barriers and tables as an impediment, people could not exit and cross the street safely or quickly. She understood that three spaces were logical from an economic perspective, but with the recent fires in town, three spaces were problematic from an evacuation standpoint. The Chair wanted the Committee to consider this issue.

Mr. Blomquist said that is a concern for the design guides, with parklets across the country typically limited to 1–2 continuous spaces; he has not found one beyond that. If the Council chooses to allow three spaces, Mr. Blomquist said Staff sought design guidance. He said it would not be a continuous platform across the three spaces (54 feet), but there would be a break between the spaces. He is also working with the Building & Health Official/Zoning Administrator, John Rogers, about when a building permit would be required for continuous platforms. Ultimately, Mr. Blomquist said that Staff wanted to keep this as simple and safe as possible. The parklets would not be year-round like much of the rest of the country, rather they would have to be removed in October. Mr. Blomquist said two continuous spaces did not concern him, but three did in terms of how it spans the length of the street. He could not imagine 54 feet of barrier down the front of a building, with no permission was required from the surrounding businesses.

Councilor Ormerod sought clarification. He heard a lot of talk about the 54 feet (18 feet x 3 spaces) but he heard Vice Chair Giacomo mention four foot buffers on each side, which takes away from the retail space. Thus, he asked if it was really 54 feet or minus four feet on each side. Mr. Blomquist said that the buffer must be 2–4 feet between the parklet and adjacent parking space. He said 54 feet is the gross, with two buffers taking it down up to 46 feet in length; it is still a very large view when thinking about potentially spanning the frontage of two to three businesses. Mr. Blomquist said the goal is for parklets to fit into the surrounding area, but the barriers might not be the most attractive. He was most concerned with safety issues when a building clears, forcing people to go out in either direction instead of straight across the street, in an area where the sidewalks are less than eight feet wide.

Chair Bosley heard that in the Ordinance there is a reference to the parklet having to be contiguous with the business. Chair Bosley provided an example on Gilbo Avenue, Mr. Blomquist said they are considering the potential for change over in occupancy. The Chair's concern was that several times it was mentioned that a 54-foot length could extend in front of other businesses; she wanted to potentially restrict this like café licenses and require permission of those adjacent businesses to extend.

The City Attorney said that requirement exists in the draft in Section 46-956, "a parklet is defined as a continuous extension of his business in an area equal or less than the width of the business." Thus, the City Attorney said that to some extent that already sets up a potential conflict because even a two-space parklet, whether contiguous within the business, could be an open question. Mr. Blomquist said there are also situations where one space is in front of two business, so Staff discussed there

needing to be some connection, but not necessarily a whole space. Theoretically, neither business could get a parklet because it goes in front of the other. The City Attorney countered that the intention is to remind people that it needs to be in front of the business area they are using, but under the language it is unless they have received permission and a formal license from the City Clerk. He saw this as both a limiting and wavering factor, because if someone wants a parklet in front of another business, the City understands and has the ability to issue that license with permission. He said this part of the Ordinance was intended to avoid, for example, a business at one end of Main Street putting their parklet in front of businesses at the other end of Main Street.

Chair Bosley said that helped to clarify some of what Mr. Blomquist was discussing. She thought that the Committee really needed to start dialing in on some of the design and licensing requirements. She suggested that the parklet be contiguous with the business or having an agreement with neighboring businesses to extend in front of them. Mr. Blomquist said that was a part of the conversation because the City Attorney was correct that the getting permission from the abutting businesses is not required because of other issues; the language allowed the Chair's example of someone using the one-half space in front of their business and then extending a parklet 54 feet in front of other businesses. Mr. Blomquist said this was good feedback.

Chair Bosley asked what the requirements are when someone gets a license for a sidewalk café that extends in front of other businesses. Mr. Blomquist replied that in that case under the current Ordinance, there is a requirement for permission. However, he said this is different because it is a public street right-of-way. The City's position regarding the public street is that because the City has such responsibility and control over that, they are hesitant to suggest to the City Council that any private entity has the right to tell the City what it can/cannot do in its public street. The City tries to be more accommodating on sidewalks, but the street is a fundamentally different matter.

Vice Chair Giacomo recalled the examples of cities he brought forward, saying most of them had all of this built into their codes. He cited the City of San Francisco, which dedicated to such extreme details. He said there are ways this is done. Mr. Blomquist said it was important to keep in mind that the NH road laws are unique in that they are older and have different restrictions and processes that allow greater latitude when designing parklets. He said the details matter and the issue of who owns what can be complicated. The City took the liberty of having additional requirements on sidewalk cafés because of business exits and more; beyond that, there cannot be a private property owner stating what someone else can do in the public street in front of their business. Vice Chair Giacomo said perhaps not requiring permission, but to notify those abutting businesses of the impending parklet might be appropriate. He said that other than the fact that they might block the street view of a window display, they were talking about one or two parking spaces, which he did think would be a less of parking issue for an abutter and more about the aesthetics in front of their shop changing their business.

Chair Bosley felt that the humanistic quality of these concerns does not matter because there will always be abutting businesses concerned about the impacts and aesthetics, and people looking for parking; it is all still relevant. She thought the language of the Ordinance needed to be tuned-up so it really identifies that the spaces must be contiguous and primarily in front of the business requesting the parklet. She thought the way it was drafted a business could have a 50' store frontage with half a parking space in front of someone else's business who could then run a parklet in front of the abutting business and not their own.

Councilor Jones liked what the Chair requested, but wondered if that went against what they heard earlier about it being a City street and the City could put whatever they want there. The Chair replied that could and should are two different words. Councilor Jones replied that he heard two different things.

Councilor Ormerod asked the City Attorney, in talking about tuning-up the language, for clarity on what the intent of the parklet is; what if the City does not approve what the owner wanted and the owner decides not to move forward with the parklet. He wanted to balance the economic benefit with the safety issue. The City Attorney replied to the first part of the question, remembering that these are generally available areas but once on site, if it has utility or fire connections into the building and then someone wants three spaces, but at such a location they are only allowed two. The City Attorney said that certainly a business could choose not to move forward with a City-approved design for two spaces. That process issue is answered to some degree in the design guidelines that would inform the administrative decision. Under the current Ordinance, if three spaces are allowed, they can span in front of abutting businesses. In response to the Chair's question about the contiguousness of the space to the business itself and whether language can be drafted for that, the City Attorney thought the answer was yes. It could say a maximum of two spaces and each must be contiguous with the business frontage, and in the absence of that, only one space.

Councilor Johnsen asked whether the City was in any way holding-up businesses through this conversation or were they already doing parklets. She also asked whether they had answered what Councilor Greenwald was concerned with. The Chair replied that the businesses in the City of Keene have to await until a parklet Ordinance is adopted in order for them to establish a parklet, so they are being held-up. The Chair read Councilor Mitch Greenwald's letter into the record:

Parklets, if approved, should be responsible for the cost of all City services involved, Department of Public Works costs for barriers, etc., administrative costs, Clerk, Code Enforcement, lost parking revenue funds, and fees. Approval consent from abutting businesses and second floor residents must be obtained because they are giving up the ability for their clients to use this parking. I agree that parklets are a good concept, but without the inclusion of the above, I will not support the enabling Ordinance.

Chair Bosley thought that the Committee had spoken at length about the parking not belonging to any business on the first or second floor and that it is the public's parking, which the City can manipulate it as it sees fit. She thought the administrative costs were addressed inside the Ordinance and the barrier costs would be borne by the restaurants. Businesses would be responsible for moving and storing the parklets. She said it comes down to the neighboring businesses' consent, which she thought the City Attorney had spoken to and that she did not think was a favorable idea.

Councilor Jones asked Mr. Blomquist whether the City would have specifications for traffic resistance of barriers, like the State has specifications for guard rail resistance. He knew that some wanted planters as barriers for example. He wondered whether the City would mandate some level of barrier resistance. Mr. Blomquist replied that typically most design guidelines specify weight of the barrier because in general these things will move if a car hits them, including Jersey barriers. He said most of the idea is to minimize the penetration that occurs, while keeping in mind that whatever the object is can also become what is pushed into the parklet. Part of the challenge is that a lot of the guidelines he is looking toward say 600lbs which is the general weight of a half size jersey barrier (4-foot), those are used temporarily for City work. Applicants could get nice stone planters that are that heavy, for example. It is more about weight versus meeting a highway standard. Councilor Jones asked whether Staff would be approving that administratively. Mr. Blomquist said yes, the Ordinance allows the Public Works Director to make additional guidelines, and he is trying to stay within criteria. The barriers will need to be approved administratively. This will be outlined in the design guidelines portion of the Ordinance.

Chair Bosley opened the floor to public comment.

Dori Maston of Swanzey owns real estate here in Keene. She has owned three successful restaurants in Keene and at one point owned 100 apartments mostly on Central Square, where she said parking was a huge issue. She is totally opposed to the concept of parklets and designating certain spots for certain businesses because she does not want to give up any spots, especially three spots. She provided some examples on the map of spaces in front of businesses being used by patrons of other businesses. Her emergency exit abuts three parking spots in front of a restaurant, and if there was a parklet there, the tenants would have to walk a long way to be safe and emergency services would be limited. She hoped, if anything, that it would be limited to two spots and that safety would be taken seriously. Ms. Maston concluded on economics, stating that adding three outdoor tables would please most of the restaurants as they make more money.

Chair Bosley thought it was valuable to have the Chief Farquhar's perspective and this is why so many Department heads were present to bring their own concerns to this matter. The Chair wanted to reach some consensus on the number of parking spots. Vice Chair Giacomo asked, if the Ordinance were changed, did it have to go back to full Council again. The City Attorney said that if it changing substantively then the Committee would recommend an amended version to the Council. The minor changes would not require that. Changing the number of spots is a substantive amendment, but it does not require two more readings before the Council.

On the number of spaces, the Chair heard opinions. Vice Chair Giacomo said that there was a lot of common sense things that can be handled administratively in the application. There are some areas where three spots would be an issue and there are other locations where it would not. He thought that if it could be three spots, it only helps the businesses. He did not think three was appropriate in all cases and there must be a check point in the permit review to ensure three spaces are appropriate versus making it unavailable to everyone.

Councilor Jones agreed with the Vice Chair that the number of spaces could be determined administratively during the design review process, which Chief Farquhar confirmed. Councilor Jones also suggested an amendment about abutting business permission. Chair Bosley said these Ordinances can be revisited in the future. She was erring on the side of caution and wanted this limited to two spots with each spot contiguous to the business in some way; perhaps not the whole spot must be in front of the business, but to have some connection to the business. Councilor Ormerod agreed that the spaces should be contiguous in front of the business and the language needed to be clarified. He added that because there will be administrative review and Fire Chief Farquhar's approval, Councilor Ormerod was comfortable with up to three spaces where it makes sense.

The Assistant City Manager, Rebecca Landry, asked if there were any locations in the downtown where there are three contiguous spaces in front of a business that meet the other parklet guidelines. She observed that if half a space overlaps an adjacent business that proof of no objection in writing should be needed versus permission, because they have no control of the street right-of-way, but they do have the opportunity for notice and objections.

Chair Bosley clarified that Councilors Jones, Ormerod, and Giacomo were in favor of up to three contiguous spaces. The City Attorney provided suggested language for an amendment.

Mr. Blomquist said there was still a question that could be left to Staff's discretion, but in talking about contiguousness, what if the third space is only half in front of the business; does the Committee think that is ok, or would they want all three spaces fully in front of the establishment? The Chair thought that a portion of each space must be contiguous, versus all three spaces fully contiguous in front of the business. The City Attorney asked if there are three parking spaces and the center space is contiguous fully with the business, but the two end spaces are only partially contiguous, would that

be allowed? The Chair replied in the affirmative.

Councilor Ormerod said it occurred to him that those spaces that half overlap another business might need greater buffer to not block the egress of the adjacent building; he said it should be a safety determination. He said he liked the Assistant City Manager's recommendation of seeking no objection from the abutters.

The City Attorney suggested new language for an amendment to incorporate these suggestions. The Public Works Department drew an example of this scenario to clarify, and the Chair said that drawing was her interpretation.

Inaudible discussion ensued between the Chair, City Attorney, and Assistant City Manager/HR Director.

Chair Bosley recognized Ms. Maston again, who wanted to understand the drawing. The Chair confirmed that all three spaces must be at least partially contiguous with the business frontage. Ms. Maston asked if in essence most parklets would not be in front of other businesses. The Chair and City Attorney agreed.

The City Attorney addressed an earlier question about a no objection provision. Ms. Landry understood that the City Attorney and Public Works Director said the potential neighbors of the petitioner may have no authority about allowing the petitioner access to the right-of-way in front of their business. In the absence of authority, could there be a requirement to notify those neighbors and provide an opportunity to object? The City Attorney said the problem is what happens once there is an objection. The Chair said that opens this opportunity to anyone on the second floor too and she thought they should stand behind their Ordinance, which she thought was amended well.

Hearing no further public or Committee comments, Chair Bosley entertained a motion by Councilor Johnsen, which was duly seconded by Councilor Ormerod.

On a roll call vote of 5–0, the Planning, Licenses, and Development Committee recommends an amendment to Section 46-9.57, paragraph C, subparagraph 2 of Ordinance O-2022-07, to read as follows, with the added language italicized: "the parklet is placed in a maximum three adjacent parallel parking spaces, each portion of which is contiguous to the licensed premises." Thus, the Ordinance was amended as O-2022-07-A.

The following motion by Councilor Jones was duly seconded by Vice Chair Giacomo.

On a roll call vote of 5–0, the Planning, Licenses, and Development Committee recommends the adoption of Ordinance O-2022-07-A.

Councilor Jones said that anytime there is something new like this there is reluctance, but he thought this needed to move forward because it is seasonal, revocable, amendable, and things could change in the future. Councilor Johnsen thanked the Staff for educating the Committee on these issues.

CITY OF KEENE

O-2022-07-A

In the Year of Our Lord Two Thousand and Twenty-Two

AN ORDINANCE Relating to Parklets

Be it ordained by the City Council of the City of Keene, as follows:

That the City Code of the City of Keene, New Hampshire, as amended, is hereby further amended by deleting the stricken text and adding the bolded text in the following sections of Article XVII entitled "Sidewalk Obstructions" of Chapter 46 entitled "Licenses and Permits: Section 46-1 "Definitions", Section 46-63 "Designated Licensing Officials", Section 46-956 "Required", Section 46-957 "Parklets", Section 46-958 "Application; Agreement; Issuance", and Section 46-959 in Appendix B "Fee Schedule" as follows:

Section 46-1. Definitions Related to Licenses and Permits.

Parklet means an outdoor dining area placed and/or constructed on parking spaces(s) determined to be public ways, as defined by this section and authorized by RSA 178:24 (2021), in which patrons may consume food and/or beverages provided by a licensed restaurant holding a valid license to sell alcohol issued by the New Hampshire Liquor Commission.

Section 46-63. Designated licensing officials.

Type of License/Permit	Licensing Official
Parklets	City Clerk

Article XVII. Sidewalk and Right-of-Way Obstructions.

Section 46-956. Required.

No person who owns or operates a business in ~~the central business district~~ the **downtown core district** shall put or place or cause to be put or placed as a contiguous extension of his business, in an area equal to or less than the width of his business, any display, merchandise, goods, tables, chairs, vending machines, sandwich board sign as defined below, **parklet as defined in Section 46-1 and described below**, or any other obstruction ("obstruction") on any sidewalk or right-of-way maintained by the city, whether publicly or privately owned, unless he shall have received written permission in the form of a license from the city clerk. **With the exception of parklets,** Aall licenses issued under this division shall expire on March 1 next following their date of

issuance. There shall be no pro-rated license fees to reflect use of the sidewalk for a portion of the year.

Section 46-957. *Reserved. Parklets.*

- (a) A “parklet,” as defined in Section 46-1 and authorized by RSA 178:24 (2021), is permitted in the downtown core district after written permission in the form of a license issued by the city clerk is received. Said license may be suspended with reasonable notice, if there are public safety concerns as determined by the public works director, emergency management director, the police chief, or fire chief including but not limited to during those times when the downtown core district is licensed for a street fair or other community event as provided for in Article XVIII of this chapter pertaining to street fairs or community events. Said licenses are not transferable or assignable.
- (b) The Public Works Director is authorized to develop and issue parklet design guidelines used in implementing an issued license for a parklet. Such guidelines will be known as City of Keene Parklet Guidelines, and shall include guidelines on construction, placement, aesthetics, etc.
- (c) A parklet may be established as an extension of a restaurant onto a public parking space where:
 - (1) Any of the following three conditions exists:
 - a. The distance from the face of a building to the curb is eight (8) feet or less;
 - b. The distance from the face of a building to the curb is impeded by steps, planted areas, parking meters, or other permanent objects such that the distance from the face of the building to the curb line is eight (8) feet or less; or
 - c. The distance from the face of a building to the curb is impeded by a crosswalk, or other surface feature intended to comply with the Americans with Disabilities Act, such that the distance from the face of the building to the curb line is eight (8) feet or less;
 - (2) The parklet is placed in a maximum of three adjacent parallel parking spaces each portion of which is contiguous to the licensed premises, including wheel stop, buffer areas, and other structures or objects as required by the City of Keene Parklet Guidelines, but excluding designated loading zones and accessible parking spaces; and
 - (3) The parklet otherwise complies with the City of Keene Parklet Guidelines as determined by the Public Works Director.
- (d) Parklets shall not be placed within 15 feet of fire hydrants or utility accesses. Parklets must be placed at least one parking space’s length away from intersections or street corners.
- (e) Parklets shall not block drainage or stormwater flow.

- (f) **A parklet must comply with all applicable city ordinances, design requirements, and state laws, applicable to restaurants licensed to sell alcohol. Failure to ensure compliance may result in suspension or termination of the license.**
- (g) **Parklets may be licensed between April 1 and October 15 of the calendar year, and this period shall be referred to as the license period for parklets. Licenses shall be issued on a first come first served basis. Licensee's may operate a parklet beginning on any date within the license period. The license fee and administrative fee associated with a parklet in Appendix B shall apply and shall not be prorated regardless of when the license was granted or when the licensee began operating the parklet. Any such fees are non-refundable.**
- (h) **Except for the administrative fee, fees collected for parklet licensing shall be deposited into the Parking Fund.**
- (i) **A Licensee's failure to remove all parklet materials from the parking spaces by the end of the license period will be subject to removal by the city and will subject the licensee to the cost for removal and storage of any such material.**
- (j) **The City disclaims any liability for any costs or expense, or damages, relating to or arising from the placement or use of a parklet in the public way.**
- (k) **Notwithstanding any provision of the City Code of Ordinances to the contrary, the licensing, installation and use of a parklet in public parking spaces shall be governed by this Article.**

Section 46-958. *Application; agreement; issuance.*

- (a) **Completed application forms for the license required under this division along with a scaled drawing of the portion of the sidewalk or public right-of-way showing the location of the obstruction shall be reviewed by the code enforcement superintendent to insure unimpeded public use of the sidewalk, and:**
 - (i) **Applications for a license to obstruct a sidewalk shall be reviewed by the code enforcement superintendent to ensure unimpeded public use of the sidewalk.**
 - (ii) **Applications for a license to obstruct a right-of-way for the use of a parklet shall be reviewed by the public works director to ensure compliance with Section 46-957 and compliance with City of Keene Parklet Guidelines.**
- (b) **If the license is approved, a revocable license and indemnification agreement shall be required in addition to liability insurance listing this city as an additional insured in an amount specified by the city clerk.**
- (c) **Licenses to obstruct a sidewalk such license shall be issued in accordance with guidelines established by the city clerk.**
- (d) **In addition to the requirements stated in Section 46-957, an application for a parklet will only be issued after review and approval by the following, or their designee:**
 - (i) **Public Works Director, to review for compliance with Section 46-957;**
 - (ii) **City Clerk, to ensure compliance with Chapter 46;**
 - (iii) **Parking Operations Manager to review for compliance with Chapter 94;**

- (iv) **Community Development Director to review compliance with public health requirements; and**
- (v) **Fire Chief, to ensure compliance with any applicable requirements of the state Liquor Commission and local and state fire codes.**

Relating to Parklets

That the City Code of the City of Keene, New Hampshire, as amended, is hereby further amended by deleting the stricken text and adding the bolded text in the following sections of Article XVII entitled “Sidewalk Obstructions” of Chapter 46 entitled “Licenses and Permits: Section 46-1 “Definitions”, Section 46-63 “Designated Licensing Officials”, Section 46-956 “Required”, Section 46-957 “Parklets”, Section 46-958 “Application; Agreement; Issuance”, and Section 46-959 in Appendix B “Fee Schedule” as follows:

Section 46-1. *Definitions Related to Licenses and Permits.*

Parklet means an outdoor dining area placed and/or constructed on parking spaces(s) determined to be public ways, as defined by this section and authorized by RSA 178:24 (2021), in which patrons may consume food and/or beverages provided by a licensed restaurant holding a valid license to sell alcohol issued by the New Hampshire Liquor Commission.

Section 46-63. *Designated licensing officials.*

Type of License/Permit	Licensing Official
Parklets	City Clerk

Article XVII. *Sidewalk and Right-of-Way Obstructions.*

Section 46-956. *Required.*

No person who owns or operates a business in ~~the central business district~~ **the downtown core district** shall put or place or cause to be put or placed as a contiguous extension of his business, in an area equal to or less than the width of his business, any display, merchandise, goods, tables, chairs, vending machines, sandwich board sign as defined below, **parklet as defined in Section 46-1 and described below**, or any other obstruction (“obstruction”) on any sidewalk or right-of-way maintained by the city, whether publicly or privately owned, unless he shall have received written permission in the form of a license from the city clerk. **With the exception of parklets,** Aall licenses issued under this division shall expire on March 1 next following their date of

issuance. There shall be no pro-rated license fees to reflect use of the sidewalk for a portion of the year.

Section 46-957. *Reserved. Parklets.*

- (a) A “parklet,” as defined in Section 46-1 and authorized by RSA 178:24 (2021), is permitted in the downtown core district after written permission in the form of a license issued by the city clerk is received. Said license may be suspended with reasonable notice, if there are public safety concerns as determined by the public works director, emergency management director, the police chief, or fire chief including but not limited to during those times when the downtown core district is licensed for a street fair or other community event as provided for in Article XVIII of this chapter pertaining to street fairs or community events. Said licenses are not transferable or assignable.**
- (b) The Public Works Director is authorized to develop and issue parklet design guidelines used in implementing an issued license for a parklet. Such guidelines will be known as City of Keene Parklet Guidelines, and shall include guidelines on construction, placement, aesthetics, etc.**
- (c) A parklet may be established as an extension of a restaurant onto a public parking space where:
 - (1) Any of the following three conditions exists:
 - a. The distance from the face of a building to the curb is eight (8) feet or less;**
 - h. The distance from the face of a building to the curb is impeded by steps, planted areas, parking meters, or other permanent objects such that the distance from the face of the building to the curb line is eight (8) feet or less; or**
 - c. The distance from the face of a building to the curb is impeded by a crosswalk, or other surface feature intended to comply with the Americans with Disabilities Act, such that the distance from the face of the building to the curb line is eight (8) feet or less;****
 - (2) The parklet is placed in a maximum of three adjacent parallel parking spaces each portion of which is contiguous to the licensed premises, including wheel stop, buffer areas, and other structures or objects as required by the City of Keene Parklet Guidelines, but excluding designated loading zones and accessible parking spaces; and**
 - (3) The parklet otherwise complies with the City of Keene Parklet Guidelines as determined by the Public Works Director.****
- (d) Parklets shall not be placed within 15 feet of fire hydrants or utility accesses. Parklets must be placed at least one parking space’s length away from intersections or street corners.**
- (e) Parklets shall not block drainage or stormwater flow.**

- (f) **A parklet must comply with all applicable city ordinances, design requirements, and state laws, applicable to restaurants licensed to sell alcohol. Failure to ensure compliance may result in suspension or termination of the license.**
- (g) **Parklets may be licensed between April 1 and October 15 of the calendar year, and this period shall be referred to as the license period for parklets. Licenses shall be issued on a first come first served basis. Licensee's may operate a parklet beginning on any date within the license period. George S. Hansel, Mayor

CITY OF KEENE NEW HAMPSHIRE

ITEM #K.1.

Meeting Date: June 16, 2022
To: Mayor and Keene City Council
From: Finance, Organization and Personnel Committee, Standing Committee
Through:
Subject: **Relating to the 2022/2023 Fiscal Year Budget
Resolution R-2022-09-A**

Council Action:

**In City Council June 2, 2022.
Tabled until the next regular meeting.**

Recommendation:

On a 5-0 vote, the Finance, Organization and Personnel Committee recommends adoption of Resolution R-2022-09, as amended to include an additional \$5,000 to the Senior Citizens Center to reflect a level funded allocation of \$15,000 and to include an allocation of \$10,000 to the Monadnock Diversity Equity Inclusion and Belonging Coalition, with the disbursement of funds contingent upon further approval by the City Council of the Coalition's plans for operation once finalized.

Attachments:

1. Resolution R-2022-09-A_referral

Background:

The Manager suggested if the Council is in favor of contributing funds to the effort raised by Councilor Remy, that there could be some strings attached. She indicated the reason she says that is because this is still a work in progress. They are not a separate nonprofit; they are working with the YMCA as a fiscal sponsor. The YMCA would be hiring an executive director, which is the reason for the request for funding. She stated if the Council is interested in matching the \$10,000 it could be a pledge until the group is able to bring forward the rest of the funding and finalize what the structure would look like.

Councilor Chadbourne stated the other concern she has is, in most years when someone comes after the deadline and requests funding it is not something the Council considers and felt this would be setting a bad precedence to start the process of letting this entity through. She stated she would not be supportive of the request this year.

Councilor Lake asked whether the City in prior years has allowed people that have come in late to receive funding. Councilor Chadbourne clarified not in the time she has served. Chair Powers stated if he recalls correctly, they need to be established as an organization before the Council would even consider them for funding.

The Manager stated she would like to look at the structure, how funds would be brought into the organization, and perhaps request the City Attorney review same. Hence, the reason she suggested a pledge versus funding at this time.

Councilor Madison made the following motion, which was seconded by Councilor Remy. That the Finance, Organization and Personnel Committee recommends adoption of Resolution R-2022-09 the fiscal year 2022-2023 budget.

Councilor Lake made the following motion, which was seconded by Councilor Chadbourne.

To amend Budget Line 62113, Senior Citizen Center to be \$15,000.

The amendment carried on a unanimous vote.

Councilor Remy made the following motion, which was seconded by Councilor Madison.

To amend the budget to add a line to the Outside Agency funding for \$10,000 for Monadnock Diversity Equity Inclusion and Belonging Coalition contingent upon further approval by the City Council of their plans for operation once finalized.

Councilor Chadbourne asked the City Manager when she referred to a pledge, would that be contingent for this year or for next year. Ms. Dragon stated her suggestion was to increase the budget by \$10,000 but with some strings attached. Many of the outside agencies automatically receive their checks but this would allow for further review before that were to happen.

Councilor Lake clarified if the \$10,000 is allocated in the budget it could be moved somewhere else at the end of the year, if there was that need. Councilor Chadbourne felt it was not fair to the other organizations who make a lot of effort to get their application in on time. She felt this sets a bad precedence. The Chair stated he would tend to agree with the Councilor, however, given the time and the effort by so many in the community; Savings Bank of Walpole and others – felt the full Council should be given the opportunity to weigh in on this item.

Councilor Chadbourne stated whether this item is approved or not the full Council still gets to weigh in on it.

Councilor Madison stated he tends to agree with the Chair - this is worth bringing before the full Council. He added it is certainly not without precedent but given the times we are in now, the hate we are seeing in the nation and even in our community, it is worth bringing before the Council.

The motion made by Councilor Remy to amend the budget to add \$10,000 for Monadnock Diversity Equity Inclusion and Belonging Coalition carried on a unanimous vote.

Councilor Madison made the following motion, which was seconded by Councilor Chadbourne.

On a 5-0 vote, Finance, Organization and Personnel Committee recommends adoption of Resolution R-2022-09 the fiscal year 2022-2023 budget as amended.

Chair Powers thanked everyone who put a lot of time and effort into this budget.

CITY OF KEENE NEW HAMPSHIRE

ITEM #K.3.

Meeting Date: June 16, 2022
To: Mayor and Keene City Council
From: Finance, Organization and Personnel Committee, Standing Committee
Through:
Subject: **Relating to State Revolving Fund Loans
Resolution R-2022-22-A**

Recommendation:

On 5-0 vote, the Finance, Organization and Personnel Committee recommends the rescission of Resolution R-2009-08 and adoption of Resolution R-2022-22-A relating to Delegation of Authorities to State Revolving Fund Loans.

Attachments:

1. Resolution R-2009-08
2. Resolution R-2022-22-A
3. Resolution R-2022-22-A_Redlined

Background:

The City Engineer addressed the Committee again. He indicated this item relates to Item 6. He explained the City has been operating under a Resolution the Council passed in 2009 which designated the City Manager as the Council's authorized representative to sign loan documents and disbursement agreements. He indicated DES is asking for an update to that Resolution.

Mr. Lussier called the Committee's attention to the existing 2009 Resolution and the proposed 2022 Resolution. He indicated the language is very similar. He added the Committee also has before it a revised version of the Resolution they will like to introduce as an A version and this was by the request of the City Attorney. To help alleviate this problem in the future, the Attorney added a paragraph to the end that says that this delegation of authority to the City Manager shall be in effect until rescinded by Council

Mr. Lussier added next week at the Council staff will be requesting Council suspend the rules and act on this Resolution without a first and second reading. The reason for this is, DES made this request just last week but applications for the 2021 applications for the projects discussed earlier are due by the end of June. This delegation of authority has to accompany those applications.

Councilor Chadbourne clarified the language should say unless rescinded by City Council not the City Manager. Mr. Lussier agreed.

Councilor Remy made the following motion, which was seconded by Councilor Chadbourne.

On 5-0 vote, the Finance, Organization and Personnel Committee recommends Resolution R-2022-22 be amended to add language as recommended by the City Attorney.

Councilor Chadbourne made the following motion, which was seconded by Councilor Chadbourne.

On 5-0 vote, the Finance, Organization and Personnel Committee recommends the rescission of Resolution R-2009-08 and adoption of Resolution R-2022-22-A relating to Delegation of Authorities to State Revolving Fund Loans.

CITY OF KEENE

Nine

In the Year of Our Lord Two Thousand and
Relating to authorization to apply for federal and state grants and loans for water
A RESOLUTION and wastewater projects and designation of authorized representative.....

Resolved by the City Council of the City of Keene, as follows:

WHEREAS, The City of Keene after thorough consideration of the nature of its drinking water system needs, hereby determines that the construction of certain works is desirable and in the public interest, and to that end it is necessary to apply for assistance from the State Revolving Fund (SRF); and

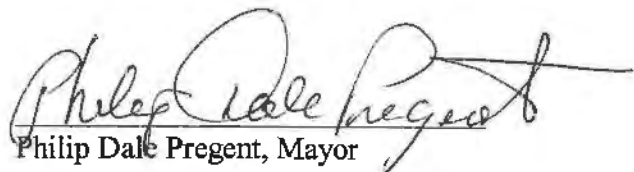

WHEREAS, the Applicant has examined and duly considered the provisions of RSA 486:14 and the New Hampshire Code of Administrative Rules Chapter Env-Dw 1100, which relate to loans from the State Revolving Fund and deems it to be in the public interest to file a loan application and to authorize other actions in connection therewith;

NOW, THEREFORE, BE IT RESOLVED BY The Keene City Council, the governing body of said Applicant, as follows:

1. That the City Manager is hereby authorized on behalf of the Applicant to file an application for a loan to be made in accordance with New Hampshire Code of Administrative Rules Chapter Env-Dw 100;
2. That if such loan be made, the Applicant agrees to repay the loan as stipulated in the loan agreement;
3. That the said City Manager is hereby authorized to furnish such information and to take such other action as may be necessary to enable the Applicant to qualify for the loan;
4. That the said City Manager is hereby designated as the authorized representative of the Applicant for the purpose of furnishing such information, data, and documents pertaining to the applicant for a loan as may be required; and otherwise to act as the authorized representative of the Applicant in connection with this application;
5. That certified copies of this resolution be included as part of the application to be submitted for a loan;
6. That if such loan be made, the applicant agrees to make provisions for assuming proper and efficient operation and maintenance of the facilities after completion of the construction thereof.

In City Council May 7, 2009

CITY OF KEENE

R-2022-22-A

In the Year of Our Lord Two Thousand and ^{Twenty-two}.....

Relating to Delegation of Authorities for State Revolving Fund Loans.

A RESOLUTION

Resolved by the City Council of the City of Keene, as follows:

WHEREAS, The City of Keene, after careful consideration of the needs of its infrastructure systems, has determined that certain capital projects are desirable and in the public interest; and,

WHEREAS, The Keene City Council adopts bi-annually a Capital Improvement Plan that describes the particular capital projects to be completed; and,

WHEREAS, to advance such projects it may be necessary or desirable to apply for assistance from the State Revolving Fund (SRF); and,

WHEREAS, the applicant has examined and duly considered the provisions of RSA 486:14 and the New Hampshire Code of Administrative Rules, Chapter Env-Wq 500, which relate to loans from the Clean Water State Revolving Fund, and deems it to be in the public interest to file loan applications and to authorize other actions in connection therewith;

NOW, THEREFORE, BE IT RESOLVED BY The Keene City Council, the governing body of said Applicant, as follows:

1. That the Person holding the position of City Manager is hereby designated as the Authorized Representative of the Applicant for the purpose of filing applications for loans in accordance with the New Hampshire Code of Administrative Rules, Chapter Env-Wq 500, furnishing such information, data, and documents pertaining to Applicant for such loans as may be required;
2. That if such loans are made, the Persons holding the positions of City Manager or Finance Director are the Authorized Representatives of the Applicant for the purpose of signing any documents pertaining to the disbursement of funds to the loan recipient.
3. That if such loans are made, the Applicant agrees to repay the loan as stipulated in the loan agreements.
4. That a certified copy of this resolution be included as part of the applications to be submitted for such loans.

PASSED

5. That the Persons holding the positions of City Manager at the time of loan execution is authorized to sign the loan agreement binding the Applicant to the terms and conditions of the loans.
6. That if such loans are made, the Applicant agrees to make provisions for assuming proper and efficient operation and maintenance of the facilities after completion of the construction thereof.
7. That this Resolution shall remain in full force and effect and be valid for the purposes stated until rescinded by the City Council.

George S. Hansel, Mayor
