

# Keene Recreation Department

## Soccer Guidance

*These guidelines were created using New Hampshire's Safer at Home Reopening Guidance*

### COVID Policies and Procedures

- Group recreational activities outside of structured classes are allowed for **groups of under 10**. All play will be scheduled in advance. Drop in play is not permitted.
- Games will be permitted for 4 v 4 only.
- Masks must be worn at all times while in the building with the exception of when participants are on the court playing. Anyone waiting to get in the game and/or on the sidelines must be masked.
- Hand sanitizer should be used upon entering the building.
- Participants should self-screen using COVID screening questions. If there answer to any of the questions is yes please stay home and do not enter the building.
- COVID screening questions:
  - Do you have any symptoms of COVID-19? (Fever, runny nose, nasal congestion, sore throat, cough, shortness of breath, muscle aches, chills, severe fatigue, nausea, vomiting, diarrhea, or changes in taste or smell.
  - Have you been in close contact with someone who is suspected or confirmed to have had COVID-19 in the past 14 days?
  - Have you traveled in the past 14 days outside of NH, VT, or ME on public transportation, internationally, or by cruise ship?
- The gym will have one way exit and entry. Please enter the gym through the far doors at the end of the hallway and exit the gym through the first set of gym doors.
- Do not arrive and enter the building more than 5 minutes before your allotted time.
- Participants must exit the gym as soon as their allotted time is over. Congregating and socializing are not permitted.
- Water fountains are turned off with the exception of the bottle filling portion. Make sure to bring your own or a refillable bottle
- All participants waiting to get in the game need to remain on the sidelines, masked, and socially distant from one another.
- The Recreation Center will provide 1 ball per rental and goals.
- Guidance subject to change based on NH State Safer At Home Guidance
